cases. United States commis-
The soldier, Private Edward Bet-
tary avenue, was held as a vil-
lary agent.

What U. S. Should Do.
Here are the recommendations Gen.
Wood pronounced imperative:
The training of 5,000,000 men as
rapidly as possible for service
abroad.
The transportation of 2,500,000
soldiers to France at the earliest
possible moment.
The establishment at once of
universal military training.
The acceleration of the construc-
tion of ships.
The speeding up of airplane con-
struction and the dispatch of raw
materials abroad for the building
of airplanes with foreign motors.
A stiff arm bone visible testimony to
the word Gen. Wood received from a
flying fragment of shell behind the
line.

Held in Confidence.
Much that Gen. Wood revealed to
the committee was necessarily held in
confidence, and a portion of his testi-
mony unveiled is said to have re-
lated to criticism of the war depart-
ment for some features of its conduct
of war preparations.
But Gen. Wood impressively urged
upon the committee the crying need
for "ships, more ships, and men, more
men."
Although he praised in highest terms
the American army already in action
in France and brought to him nothing
but praise for the expeditionary
force from French and British military
leaders, Gen. Wood did not hesitate to
speak to the committee that Great
Britain and France are disappointed
because a much larger American army
is not now on the battleground.

Below Allied Expectations.
They are not criticizing or complain-
ing, the general said, and while realis-
ing that America entered the war un-
prepared, the extent to which we have
prepared and have been able to send
fighting troops to France has been far
above the allies' expectations, and that
we are not for disappointment.
The American general said that the
British and French military leaders
were urging the United States to send
more troops with all possible haste; that
they had nearly a million men
already trained, and that they
could not reason why this army should
not be coming forward more rapidly
than it is at present.

Should Train 5,000,000 Men.
Gen. Wood did not mean to infer,

WHERE THE GREATEST BATTLE OF THE WAR IS BEING FOUGHT

Scenes from the Former Conflict on the Somme, Which Have Been Reached in the Present Fighting

The town of Comblès, around which a desperate fight is reported to be raging.

Before Arras—This great gun undoubtedly played a part in checking the northern end of the present German offensive.

RUSH 2,500,000 MEN TO FRANCE, GEN. WOOD SAYS

Tells Senate Troops, Airplanes, and Ships Must Be Speeded.

WASHINGTON, D. C., March 25.—[Special.]—An anxious moment, when the tide of the battle in France has inspired new reflection that it depends upon America to save the cause of the nations fighting Germany, Maj. Gen. Leonard A. Wood outlined to the senate committee on military affairs today the greater effort that must be made by the United States to insure victory.

The general, known as the foremost fighting genius of the American military establishment, returned a few days ago from the western front. The authority with which he discussed the crisis impressed the senators to a degree that foreshadowed further congressional spurring of the administration. Gen. Wood pictured Gen. Pershing's mail but superb army operating with artillery and machine guns furnished by the allies, an army without eyes, being absolutely devoid of its own airplanes, and dependent upon the flights of French aviators from adjoining sectors when their own duties permit.

What U. S. Should Do.
Here are the recommendations Gen. Wood pronounced imperative:
The training of 5,000,000 men as rapidly as possible for service abroad.
The transportation of 2,500,000 soldiers to France at the earliest possible moment.
The establishment at once of universal military training.
The acceleration of the construction of ships.
The speeding up of airplane construction and the dispatch of raw materials abroad for the building of airplanes with foreign motors.
A stiff arm bone visible testimony to the word Gen. Wood received from a flying fragment of shell behind the line.

Held in Confidence.
Much that Gen. Wood revealed to the committee was necessarily held in confidence, and a portion of his testimony unveiled is said to have related to criticism of the war department for some features of its conduct of war preparations.

Below Allied Expectations.
They are not criticizing or complaining, the general said, and while realizing that America entered the war unprepared, the extent to which we have prepared and have been able to send fighting troops to France has been far above the allies' expectations, and that we are not for disappointment.
The American general said that the British and French military leaders were urging the United States to send more troops with all possible haste; that they had nearly a million men already trained, and that they could not reason why this army should not be coming forward more rapidly than it is at present.

Should Train 5,000,000 Men.
Gen. Wood did not mean to infer, Chamberlain, chairman of the

OVERSEAS CASUALTIES

WASHINGTON, D. C., March 25.—Gen. Pershing's casualty lists, received today and late last night by the war department, contained 32 names, including that of Col. Douglas MacArthur. One died of wounds, 1 of accident, 7 of disease, and 1 of unknown cause; 2 were severely wounded, 19 slightly wounded, and 1 reported captured. The list follows:

DIED OF WOUNDS.
Private John T. Kirby.
DIED OF ACCIDENT.
Private Anthony Homanski.
DIED OF DISEASE.
Sergeant Jule Houston.
PRIVATES.
Fletcher Pickens, Franklin Cooper, Tom Watson, Joseph F. Covert, Winthrop S. Lowry, Ernest L. Stanford, DIED OF UNKNOWN CAUSES.
Private Jos. E. Erickson.

SERIOUSLY WOUNDED.
Col. Douglas MacArthur.
Private Jacob Bros.
SLIGHTLY WOUNDED.
Lieut. Royal Thorp.
Corporal Arnold Carico.
Corporal Oscar E. Thomas.
Corporal James M. Hastings.
Corporal John Leyschock.

PRIVATES:
C. A. Dillingham, Maj. M. Shelton, William Dunham, Harry Shepherd, Charles L. Fuller, H. L. Thompson, Albin O. Gross, Edward J. Collins, James McDaniel, Henry Toohy, son, Charlie A. Trent, Mark A. Resnick, Joseph B. Widdis, Dan Sanders.
CAPTURED.
Private Christian A. Sorenson.

ROME, March 25.—[Delayed.]—The American embassy reports the drowning of Arthur Nelson, who enlisted at Crosby, Minn., while flying at a hydro-aviation camp in central Italy.

GERMANS RENEW PARIS SHELLING; U. S. MARINE HIT

Several Persons Killed in Church; Shots Now Fall Faster.

BULLETIN.
[Copyright, 1918: By Press Publishing Company (New York World).]
ROTTERDAM, March 25.—Gen. Ardenne, in the Dusseldorfer Nachrichten, says:
"Although the further measures of our leaders may not be discussed, it may be regarded as certain that a number of surprises are yet in store for the enemy."

PARIS, March 25.—The long range bombardment of Paris was resumed at 6:30 o'clock this morning, but was interrupted after the second shot. After a brief interval two more shots were fired. The bombardment was again suspended at 9:10 o'clock.
An American corporal of marines was struck in the chest by a splinter of one of the first shells, which fell during Saturday's bombardment of Paris by the Germans. He was wounded seriously but his life probably was saved by the deflection of the splinter by a cigarette case. So far as has been reported he is the only American victim of the bombardment.

The Matin says one of the shells fired in the direction of Paris yesterday struck a church in the suburbs. Several persons who were attending a palm Sunday service were killed.
Shells Come Faster.
Twenty-four shells reached Paris on Saturday and twenty-seven yesterday. The interval between shots was reduced from fifteen or twenty minutes on Saturday to an average of nine minutes yesterday.
On two occasions there was an interval of only one or two minutes. Shells fell at 8:15 and 9:15 o'clock and at 9:45 and 9:47. This was accepted as confirming the theory that at least two guns were firing.
The time of flight of the shells is estimated at ten minutes at the least; the curve traversed at 120 miles, and the maximum height attained at fifteen miles.

Paris Life Undisturbed.
As was the case on Sunday, the people did not take to shelter today. Cellars which were filled on Saturday remained empty this morning. Little interest was shown in the bombardment. Soon after they were awakened by the first shot, the people were brought to their windows by the rattling of drums. Policemen circulated through each quarter of the city introducing the new system of alarm, which is distinguished from the alarm in the case of air raids. The police came in for a great amount of chaffing, the people being greatly amused at their lack of proficiency with the drumsticks.
This appeared to mark their limit of interest in the bombardment. Work was resumed under normal conditions.
It is to be hoped that the gun which shelled Paris will shortly be silenced, says the Figaro, which gives the following quotation from a man who was said to be in a position to know:
"The 330 millimeter gun which bombarded Dunkirk two years ago from a distance of twenty-five miles was located by our airplanes and soon put out of action. The same method will be adopted with regard to the 240 millimeter gun which has been bombarding Paris for the last two days. Since Saturday our airplanes have been looking for it, and the fact that it stopped firing is due, perhaps, to their arrival. It will not be long before the gun is definitely silenced; then its career will soon be over."

The military authorities, according to another morning newspaper, are convinced that the Germans are using two new guns, while Richard Araps, the military expert of L'Ouvre, be-

NO CAUSE FOR ALARM, WILSON AND MARCH SAY

President Cables Haig of Full Confidence in Allied Victory.

[BY A STAFF CORRESPONDENT.]
Washington, D. C., March 25.—[Special.]—Complete confidence that the allied troops will check the terrific German drive was expressed today by President Wilson and Maj. Gen. Peyton March, the army chief of staff.
In the name of the American government and people, President Wilson cabled Field Marshal Haig, congratulating him upon the stand which the British troops are making.
Gen. March supplemented this with a message of confidence to the nation that there is no cause for alarm.

Message to Haig.
The president's cable to Field Marshal Haig was sent before the news reached Washington that the French had joined the British troops in attacking the German borders. The text of the message follows:
"May I not express to you my warm admiration of the splendid steadfastness and valor with which your troops have withstood the German onset, and the perfect confidence all Americans feel that you will win a secure and final victory?"
President Wilson's cablegram gave a striking illustration of the feeling throughout official and diplomatic circles here and among military experts of the United States and the allies in Washington.

Statement by March.
Gen. March gave expression to the feeling of confidence in a statement on behalf of the war department. He said:
"So far as the military situation in Europe is concerned, the war department sees no cause whatever for alarm on the part of the people of the United States."
"Sir Douglas Haig has given out a statement that the preliminary withdrawal was in pursuance of a definite plan, and that we accept."
"The war department has no official information that American troops were engaged. Neither Gen. Pershing nor Gen. Bliss has reported that fact as yet."

Gen. March made public no information cabled by either Gen. Pershing or Gen. Bliss.

GERMANS CALL BRITISH BRAVE, LEADERS WEAK

AMSTERDAM, Sunday, March 24.—Describing the first day of the battle on the western front, the correspondent of the Vossische Zeitung says the British artillery was held with "uncanny precision" and its counter efforts became ever fainter and less systematic.

"The British strewed their shells without system over the wide zone of attack," he adds. "Our guns, supported by cannons and howitzers of our Austro-Hungarian allies, had cleared the way for the infantry."
The attack westward now went forward with the old plan and offensive spirit of 1914. Our battalions stormed over the ground and broke the enemy resistance along the entire line. It is declared unanimously that the British fought bravely, but their leadership was not equal to the mighty blow. By evening the British front had been pushed back on the whole broad battlefield.

Eleven Spitfires Fined.
Eleven spitfires were fined \$1 each by Judge John F. Kane yesterday.

Rumor of Big Capture of Germans Keeps Wires Busy
Telephones in THE TRIBUNE and also the telegraph wires in THE TRIBUNE news bureau were kept hot yesterday with requests for information on a report that American troops had captured 200,000 Germans, including the crown prince.
A number of small towns over the country planned celebrations of the event.
Unfortunately it becomes necessary to say the reports are not true.

BRIDGEBENDER SAVES BOY'S LIFE.
Henry Curran, bridgebender of the South Halsted street bridge, yesterday leaped into the water and saved the life of James Coburn, a 9-year-old, of 509 Conrad street, who fell from the bridge. The boy was taken to his home none the worse for wear.

Easter Flowers & Blooming Plants

Our store is aglow with the Easter Spirit. Come and see all the new plant baskets and combination plants. Just the gifts you are looking for, embodying beauty with the sentiment of the times. We are constantly striving to meet all requirements of flower lovers and aim to give the best service.
Every plant basket and flower arrangement showing conscientious efforts with most gratifying results. Write for Easter price list.

BATTLE STIRS PERSHING MEN; SURE OF VICTORY

From Generals Down They
Are Confident; U. S.
Guns Shell Enemy.

WITH THE AMERICAN ARMY IN FRANCE, March 25.—[Delayed.]—[By Associated Press.]—The entire American contingent, from generals to privates, eagerly awaits news from the British front. All are confident that the Germans eventually will be defeated, even if they should strike hard at the outset.

The German offensive is the sole topic of discussion on the American sector. Official communications are caught by wireless operators and newspapers are circulating rapidly along the front.

Lines Heavily Shelled.
On the Toul front there was considerable artillery activity during the night. American guns heavily shelled the German front line positions. Enemy batteries replied, using many gas shells. Later photographs were taken from airplanes of the damage inflicted by the Americans.

American artillery also has continued to shell effectively enemy communication trenches, the town of St. Pausant, and billets and dumps north of Boquevaux. The first two lines in at least one place have been virtually abandoned.

One American patrol freely inspected this point in the enemy line without molestation.

Deluged with Gas.
For the third successive day German artillery today bombarded heavily with gas shells a certain town within the American lines. Today's bombardment was made in two periods, each a half hour in length. Many gas shells and a few high explosive shells fell on the American positions.

An enemy airplane cut off its engines at a great height over the American line northwest of Toul and planned down. When close to the ground it dropped a quantity of bombs. Some were of a new variety, which explode in mid-air with a bluish red flash and give off a cloud of mustard gas, raining down on the air. The mustard gas quickly descended toward some of our battery positions and a road.

After the machine disappeared the German gas shell bombardment began. Another enemy airplane hovered over the town while the bombardment with gas shells was in progress.

Boche Planes Active.
The weather was especially suitable today for aerial work. On one portion of the sector fourteen enemy airplanes crossed between noon and 4 o'clock in the evening, while four friendly ones were over the American line in the same period. One group of seven enemy machines, apparently of a bombing expedition, was discovered at midnight and driven off by the rapid fire of American anti-aircraft guns.

An American patrol has brought in quantities of valuable papers from the bodies of five Germans killed in a shell bombardment by American artillery fire. Among the papers taken from an elderly soldier was a letter from his daughter, saying:

"We are being told now that peace will surely come in July or August. Everybody was highly elated when the news of the Russian peace was received."

Died at His Post.
The French commander of a division with which American troops are being trained has awarded the cross of war to an American infantryman who two nights ago gave his life, raining down on the air, the mustard gas quickly descended toward some of our battery positions and a road.

Lieut. A. W. Torrell of Alabama, who was awarded the U. S. distinguished service cross, has since died of wounds.

Five of the men whose names have been announced as recipients of the distinguished service cross earned that distinction by their bravery in attacking a superior force on patrol.

These men, Sergeants Varnier, Hall and James G. West, and Corporals Edgar H. Freeman, Amos Teske, and Homer Whitely, all of the same infantry regiment, formed the patrol, which encountered an enemy patrol of ten men in No Man's land on March 4. The Americans attacked the patrol, and routed it and took two of the Germans prisoners.

Staid by the Lieutenant.
The distinguished service cross has been awarded to Corporal Charles H. Burke, infantry. His citation reads:

"Severely wounded while patrolling, he refused to leave his position until he had been blown in. He received the first medal conferred on any American serving with the British forces."

Lieut. H. R. Davies of the United States army medical reserve, who is serving with the British army, has been awarded the distinguished service cross, one of the four new American decorations for bravery.

Lieut. Davies on Jan. 8 entered a hospital under continuous shell fire and remained there attending the occupants after it had been blown in. He received the first medal conferred on any American serving with the British forces.

Copy of Wilson Message.
WITH THE AMERICAN ARMY IN FRANCE, March 24.—[By United Press.]—An American patrol last night crossed two enemy trenches and took from the pocket of a dead German a copy of President Wilson's January speech which had been dropped aerially behind the German lines. Portions of the speech not printed in the German newspapers were underlined.

Laneville (about ten miles behind the American sector in which Americans are fighting in that region) is being shelled for the first time in two years. The German bombardment is increasing.

"HELLO GIRLS" BEING TRAINED FOR PERSHING

Young Women Who Are Going to School to Learn Work They Will Have to Do When Behind the Trenches.

1—MISS MILLICENT MARTIN. 2—MISS ANNIE L. GERNON. 3—MISS DOROTHY L. SAGE. 4—MISS CUMMINGS. 5—MISS YOUNG. 6—MISS EVELYN THOMAS. 7—MISS GRUND. 8—MISS DRUCILLA PALMER. 9—MISS MARJORIE THOMAS. 10—MISS BERTHA J. VERKLER. 11—MISS LILLIAM R. VERKLER. 12—MISS LOUISE BERAUD. 13—MISS HELEN ORT. 14—MRS. C. MOORE. 15—MISS BERTHA SJOSTROM.

"Hello Girls" as Pershing's newest recruits for service in France. They are being enlisted from all over the country. The Chicago girls, four of whom have already left for the front, are being trained at a school placed at the disposal of the government by the Chicago Telephone company. The principal of the school is Mrs. C. Moore, whose son, Capt. D. E. Moore, a former Chicagoan, is now an instructor in the signal corps training camp at Leon Springs, Tex., where hundreds of soldiers are being trained as telephone linemen.

When in service the telephone girls will wear a special uniform. The rate of pay ranges from \$40 a month for operators to \$125 a month for chief operators, with allowances for rations and quarters when these are not provided by the army.

BRITISH BOMB GERMAN CITIES; DOWN 86 FOES

Fliers Raid Cologne and
Drop Tons of Missiles
on Enemy Posts.

LONDON, March 25.—British aviators have bombed the railway stations at Cologne, as well as various other important cities in Germany, the official statement on aerial operations announced tonight. The text of the statement reads:

"During the night one of the enemy's large bombing machines landed behind our lines. Following a successful daylight raid on Mannheim, other objectives in Germany were attacked during the night."

Drop Tons of Bombs.
"Half a ton of bombs were dropped on the railway stations at Cologne, where a fire was started. Over a ton of bombs were distributed between the Luxembourg railway station, where a fire broke out, and the Courcelles railway station, east of Metz. Two tons of bombs were dropped on the Metz railway station."

"The fight was the most severe so far experienced. Our airplanes shot down forty-five enemy machines and drove down twenty-two out of control. Two other hostile machines were shot down by our anti-aircraft guns. Ten of our machines are missing."

"Over 1,700 bombs were dropped during the day on different targets including the Bruges docks, the Aulnoye railway station, and a large camp southeast of Cambrai."

Attack German Troops.
"Direct hits were obtained on a bridge southeast of Metz and on a stationary train which was set on fire. A large fire also was started on this occasion. Other machines dropped a ton of bombs on the Thionville railway station, where a moving train was derailed and a fire ensued."

"After dark our bombing machines again concentrated efforts on attacks with bombs and machine gun fire on the enemy troops opposite the battle front."

"An airdrome midway between Tournai and Mons, used by hostile night flying machines, also was wrecked, over fourteen tons of projectiles being dropped. All our machines returned safely."

"During Sunday many thousands of rounds of machine gun bullets were fired by our pilots from low altitudes upon the enemy."

Raid Bruges Docks.
The admiralty announced that during offensive patrols carried out by naval machines from Dunkirk from March 21 to 24 ten enemy machines were destroyed and seven were brought down out of control. A hostile balloon was brought down in flames.

"Three bombing raids were carried out on the Bruges dock," the statement continued, "and many direct hits were obtained. Bombs were seen to burst close to destroyers. Several torpedo boats, a destroyer, and an armed trawler were attacked. One of our airplanes was forced to land in the sea. The pilot was picked up by a French destroyer. All the other machines returned safely."

SHRAPNEL
Evanston Boy Scout leaders are opening a drive for business men to enlist as scout masters. There are at the present time twelve troops of scouts and several of these are without leaders. A special school will be organized for the training of these men in the Evanston Y. M. C. A.

Many big corporations are volunteering their resources to help make the third Liberty loan a success. The Whiting Foundry Equipment company of Harvey, Ill., is issuing a number of striking posters, drawn by Paul J. Velecky, a former newsboy for THE TRIBUNE, who has educated himself as a mechanical draftsman.

Miss Lucy Morhous, anesthetist at the Evanston hospital, left last night for Texas, where she has been called with the Augustana hospital unit, No. 11. Miss Morhous has been connected with the hospital for four years.

Resolutions to support the government in the war, to protect the boys at the front, and to destroy all German influence in this country have been drawn up by the Kenilworth Father's league, an organization recently formed by the fathers of Kenilworth boys who are in the service of Uncle Sam. Every man in this town who is of military age and physically fit is in the service.

The fathers of the boys have banded themselves together to stand back of their boys and the cause for which they are fighting. The league will oppose all persons running for public office who have ever expressed themselves as German sympathizers. Guy S. Osborn is president of the league and H. E. Marshall secretary and treasurer.

Application for entrance into the officers' material school of the United States Naval Auxiliary reserve may now be made. Ensign Charles W. Schick has charge of the registration in room 539 of the First National Bank building. Men between the ages of 21 and 30 years are desired.

Italy expects vast foe drive in near future

Washington, D. C., March 25.—A formidable Austro-German offensive in Italy as soon as natural conditions permit is forecast in official dispatches from Rome today, which say Austrian divisions continue to arrive without interruption and are taking up positions on the front.

Austro-German artillery is receiving reinforcements daily, the dispatches say, while new aviation camps and additional ammunition deposits are observed to be under construction.

Expect Violent Offensive.
The opinion prevails in military circles at Rome that the German offensive will break with extreme violence in two great actions—namely: on the Franco-British front, followed by an Austro-German offensive on the Italian front.

Germany has sent fresh contingents of machine gunners to the Italian front, together with several aerial squadrons. Reports from Innsbruck, Austria, say Gen. Borovick and Conrad have just returned to the headquarters of the supreme command after an inspection of the Trentino positions.

DOWN EIGHT FIVE PLANES.
ROME, March 25.—There has been remarkable aerial activity over the lines on the Italian front, the war office announced today. Eight enemy machines were brought down.

There has been a lively artillery battle at various places between Lake Garda and the Breno.

Italian airplanes bombed railway lines in the Lagarina valley and the aviation grounds on the Livorno.

Says Germans Offered Him \$500,000 to Hamper U. S.
St. Louis, Mo., March 25.—James H. Dabbs, former president of Typographical union No. 6 of New York, in an address before the Central Trades and Labor union here on Sunday, said that prior to the entrance of the United States in the world war, he was offered \$500,000 by pro-German interests to disrupt war work in America, and that a friend had been offered \$1,000,000.

PETROGRAD TO BE OCCUPIED BY GERMANS SOON

U. S. Consul at Moscow
Cables of Flight of All
Americans.

Washington, D. C., March 25.—German occupation of Petrograd within twenty-four hours was predicted by American Consul Tredwell in a dispatch dated March 20. Virtually all Americans have left the city, the dispatch said.

The consul reported from Moscow after returning from a trip to Petrograd. The commissary of the city, he said, had told him that he expected the establishment of German control within a day.

Another consular telegram from Moscow confirmed the report that the patriarch of Russia refused to sanction the German peace treaty and strongly condemned it.

Premier Denies Siberia Plan.

LONDON, March 25.—Count Tsereteli, the premier, informed the house of peers that the Japanese government was not studying the question of intervention in Siberia, according to a Tokyo dispatch to the Daily Mail dated Wednesday. The premier said that the government did not consider Siberia menaced by the presence of large numbers of prisoners of war, whose power was negligible.

[An Associated Press dispatch from Tokyo Sunday said that the Japanese government was still studying the question of intervention in Siberia, but had not decided upon its policy. The situation was said to be regarded as serious and much interest was being displayed in Japan over the possibility of sending a Japanese army to Siberia.]

Russian-German Army Corps.

HARBIN, Monday, March 18.—[By the Associated Press.]—Russian and German soldiers in Siberia are organizing an army corps composed of one exclusively Russian division and another which will be two-thirds German and one-third Russian, according to reports reaching official quarters at Harbin. Four thousand Cosacks are said to have joined 10,000 Germans, the combined force being expected to go to Irkutsk.

Germans are guarding 10,000 rifles in the arsenal at Irkutsk. All these movements, according to information reaching here, are parts of a plan to mobilize along the frontier and oppose any advance by foreign troops.

Reichstag Approves Treaties.

AMSTERDAM, Saturday, March 23.—The Independent Socialists were the only members of the German reichstag to vote on Friday against the approval of the peace treaties with Russia and Poland. The majority Socialists abstained from voting, while all the other parties voted unanimously for the treaties. After passing the treaties the reichstag adjourned until April 16.

U. S. DESTROYER BLAST TOLL IS 17 DEAD, 17 MISSING

Washington, D. C., March 25.—Vice Admiral Sims cabled the navy department today that, in addition to seven dead, seventeen men are missing from the American destroyer Manley as a result of its recent collision with a British warship and the consequent explosion of a depth bomb on board.

Of the dead, Lieutenant Commander Richard McCall Elliott, the command officer, and fourteen enlisted men have been identified, and two enlisted men have not been identified. Six men were seriously injured and sixteen slightly injured.

Among the dead are Nicholas H. Dreja, machinist's mate, 1613 Elston avenue, Chicago, and Claude Mann, elder, Joliet, Ill. Of the missing none is from Illinois.

LAND SIXTEEN SURVIVORS.

AN IRISH PORT, March 23.—[Delayed.]—Sixteen members of the crew of the United States destroyer Manley, on which a number of men were killed in consequence of a collision with a British warship, have been taken to an English port. There some of them have died of their injuries.

LEAVES HOSPITAL TO REJOIN ARMY. British Osman of the supply company of the Third Hundred and Forty-first infantry left the county hospital yesterday to rejoin his company. Last Saturday he fell down a stairway at 30 South Halsted street and it was thought he had suffered a fracture of the skull. Later it was found to be only an abrasion.

Both & Company's sales of beef in Chicago for the week ending Saturday, March 23, averaged as follows: Domestic beef, 19.33 cents per pound—Advertisement.

THREE NAMES ON HONOR ROLL

Chicago Boys' Names Appear on Casualty Lists of Both the Army and Navy.

Three more names have been added to Chicago's honor roll. Telegraphic information from the war department yesterday disclosed that Howard William Flagg, of Battery F, 149 Field Artillery, has been wounded in action on the French front. No details were given. Flagg's parents live at Libertyville.

Nicholas M. Dreja, whose home was at 1613 Elston avenue, succumbed to injuries received in the explosion aboard the U. S. S. Manly when it collided with a British warship in European waters March 18. His parents, Mr. and Mrs. Joseph Dreja and four brothers and sisters survive. He enlisted in the navy in July, 1915, and was assigned to the S. S. Mayflower. He was transferred to the Manly in December of 1917.

Solemn requiem mass will be said this morning at St. Helen's Roman Catholic church, North Western avenue and Augusta street, for Frank J. Konopek, who was killed in action in France March 15. He joined the regular army last September. His parents live at 3123 Augusta street.

BRITISH BRIDGE JORDAN; MAKE 9 MILE ADVANCE

LONDON, March 25.—The British positions on the left bank of the Jordan, in Palestine, were extended on Friday night, it is announced officially. As the result of a brilliant attack a London infantry battalion captured an entire hostile battery.

The British have thrown additional bridges across the Jordan. They had advanced nine miles in the direction of Beesat by the evening of March 24. The statement covering these operations follows:

"During the night of March 23 and on March 23 our positions on the left bank of the Jordan were extended and some prisoners and machine guns were captured. An enemy formation of five airplanes was attacked by one of our patrolling machines, which shot down three of them out of control."

"Information has been received of a successful action by Arab troops by the king of the Hedjaz, near Jeddah, on the Hedjaz railway, seventy-eight miles northwestward of Mina, on March 16. Under cover of a sandstorm a company of a Turkish camel corps was surprised and destroyed."

BRITISH MINE SWEEPER SUNK; 66 MEN LOST

LONDON, March 25.—The admiralty announced tonight the sinking of a mine sweeping sloop through striking a mine on Friday last. Two officers and sixty-four men were lost.

The admiralty also announced the American steamer Chattahoochee, former Hamburg-American liner Sachsen, 5,685 tons net, had been sunk by four torpedoes from a German submarine off the English coast. The crew of seventy-eight was landed safely.

Baker Meets King George; Discusses America in War

LONDON, March 25.—Secretary Baker was presented to King George at Buckingham palace today by Ambassador Page. The secretary remained for an hour with the king, discussing America's effort in Europe.

Mr. and Mrs. Page remained for luncheon with the king and queen.

DUTCH REFUSE GRAIN OFFERED BY U. S. FOR SHIPS

Holland's Envoy to Make
Protest; America Will
Pay Good Rates.

LONDON, March 25.—The Dutch cabinet is said to have decided Sunday to send the allied powers a formal refusal of their offer of grain in return for Dutch ships, a dispatch from The Hague to the Daily Mail says.

The original compact for the use of Dutch ships by Great Britain and the United States called for the placing at the disposal of Holland of 100,000 tons of foodstuffs. Dutch ships were to carry this food.

ENVOY SEES WILSON.
Washington, D. C., March 25.—Holland's reported decision to refuse grain supplies offered by the United States in return for Dutch ships just taken over will not cause the American or the British governments, it was declared here today, to change the plan of action agreed on. The grain will be made available to the Dutch, and they can have it by sending ships for it.

The Dutch ships here and in English ports will be put into use. August Phillips, the Netherlands minister, had an engagement with President Wilson and was expected to present a memorandum from his government setting forth that it cannot accept the arrangement.

U. S. Seeks No Unfair Advantage

In offering Holland 100,000 tons of grain, which is much needed there, the United States put into effect the voluntary agreement which Holland had declined under pressure from Germany. The United States declared itself unwilling to take any unfair advantage.

Your Rheumatism

The painful twists and aches of rheumatic sufferers usually yield to the rich oil-food treatment in

**SCOTT'S
EMULSION**
when everything else fails. Besides helping to purify the blood Scott's strengthens the functions to throw off injurious acids and is especially beneficial in changing seasons. Many doctors themselves take SCOTT'S.

You Try It.
The imported Norwegian cod liver oil used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities. Scott & Borne, Bloomfield, N. J. 17634

COMMISSIONS Chicago and Middle West Men Made Officers in Army.

WASHINGTON, D. C., March 25.—[Special.]—Fourteen Chicagoans were commissioned in the officers' reserve corps and national army by the war department today. Those receiving national army commissions were:

Majors—Quartermaster corps, Reuben A. Demmel, 1417 Roselle street, Evanston; Paul V. Hyland, 29 East Madison street; James L. Pye, 316 South Euclid avenue, Oak Park; Samuel A. McCauley, 27 South La Salle street; R. C. Smith, 2311 West One Hundred and Eleventh street.

Captains, quartermaster corps—George W. Carr, 122 South Michigan boulevard; James E. Griffin, 5921 Magnolia avenue; Frank C. Peters, 5231 South La Salle street; Clarence F. Wiley, 4811 Kimbark avenue.

First lieutenants, quartermaster corps—James G. Browne, 4946 Washington boulevard; Fred C. Runge, 5167 West Twenty-second place.

The following Chicagoans were commissioned first lieutenants in the medical reserve corps:

Dr. James V. Anderson, 3361 Fulton street; John W. Devry, 4647 Dover street; Francis D. McNertney, 4988 Chicago avenue; Sidney M. Roberts, 5744 Stony Island avenue.

of Holland, although international law permitted seizure of the ships without other than the customary monetary consideration.

It was pointed out today that the United States in taking over Dutch ships did not commandeer them permanently, but merely requisitioned their use during the present emergency.

This country, it is pointed out, would be justified under international law in taking the ships permanently.

PIKE'S PAY ROLL DEMAND FIGURED MILLION TOO HIGH

City Controller Pike will have to make a complete financial statement to the city council committee on finance before it will agree with him that after April 1 the municipality will be unable to pay its bills for supplies and for contract obligations.

The committee thrashed over the matter yesterday. The aldermen refused to believe that the situation was as serious as the controller said it was.

"We made a hasty compilation of the figures," said Harris S. Keeler, director of the Chicago bureau of public efficiency, "and we believe the controller's figures for pay roll needs for this year is from \$1,000,000 to \$1,250,000 too high."

Mr. Pike was not present. Deputy Controller Louis E. Gosselin spoke for him.

"We can't pay out the money because the county treasurer is holding up millions belonging to the city for taxes," said Mr. Gosselin.

"We have taxes belonging to the city," said Deputy County Treasurer Lindheimer, "but because of court orders we have been unable to distribute these taxes."

Mr. Gosselin got into a wrangle with Ald. John A. Richter, chairman of the committee, by admitting that the city has outstanding \$550,000 worth of unredemmed tax anticipation warrants since 1916.

"Why were we not told of this before?" asked Ald. Richter.

"Because the information was not asked for," said Mr. Gosselin.

Judges and clerks at the April 2 election will not be paid that night.

Dennis J. Egan, chief clerk of the election board, was before the committee and was told that the \$75,000 for this would have to be withheld for a time.

The committee will meet again this morning, as it will have to have a report ready for the city council meeting this afternoon.

Your Easter hat

THE colorings in the new spring Knapp Felt de Luxe hats are very striking; they're not ordinary colors, they seem to owe more to tradition than to the dyer's art. Deep browns, delicate browns, browns of \$6 all sort, are favorites.

Other C. & K. hats, \$5 to \$10.

So delicious—it is America's favorite breakfast

FLUFFY, tender, delicately-browned pancakes—how good they always taste!

America's favorite breakfast is delicious Aunt Jemima pancakes. They were served over 120-million times last year alone.

The best Spring breakfast!

These cakes are so quick, so easy to make—they are just the breakfast for Spring mornings. Your family will marvel to see how cool and unfurried you can remain and yet set such a breakfast before them. That is because there's no bothersome mixing of ingredients, no long leaping over hot stoves with these cakes. You just add water to Aunt Jemima Pancake Flour,

pop them on the griddle and in less than two minutes you have wonderful, brown pancakes—cakes that never fail to be perfect.

And you need buy no flour substitutes! The flour substitutes such as our country asks us to use are all ready mixed in Aunt Jemima Flour! The Aunt Jemima recipe called for more than 50% corn and rice just to give the extra subtle flavor these pancakes always have—and now they save wheat!

Makes waffles and muffins, too! Have these pancakes today and Aunt Jemima waffles tomorrow! Muffins made of Aunt Jemima Flour are the best you ever ate, and they help to save wheat bread. Aunt Jemima Mills Company, St. Joseph, Missouri.

Saves the wheat!

DIRECTOR MUCK TAKEN IN EAST AS ENEMY ALIEN

Boston Symphony Head
Placed in Jail in
Boston.

Boston, Mass., March 25.—[Special.]—Karl Muck, conductor of the Boston Symphony orchestra, was taken into custody tonight as an enemy alien. He is in a police station, and tomorrow will be placed in jail while awaiting orders from Washington.

REFUSED TO PLAY ANTHEM.
Dr. Muck, who for months has been a storm center of discussion concerning the loyalty of German and Austrian musicians who are not citizens of the United States, has refused to play the anthem when, early in the season, he did not include "The Star-Spangled Banner" in the program of the Boston orchestra's first New York City concert. He explained that he omitted the anthem because it would be out of keeping with the makeup of that program.

Mal. Henry L. Higginson, backer and chief patron of the orchestra, stood by Dr. Muck, and, when the latter handed in his formal resignation as conductor, refused to accept it. He has defended the conductor against all attacks.

Cities Cancel Concerts.
Leading citizens of Pittsburgh, Detroit, Baltimore, Springfield, Mass., and Washington took a stand against Dr. Muck, which resulted in the cancellation of local engagements for the orchestra. A Chicago engagement also was canceled, F. Wight Neumann and Mr. Campanini agreeing that it might be a mistake to bring the Boston orchestra to this city.

Mrs. William Jay of New York City has been open in her war upon Dr. Muck, and it is believed that her organized influence has been the deciding factor in the government's action in arresting him. Dr. Muck was decorated by the Kaiser, who bestowed on the conductor this title: "Koeniglich Preussischer Generalmusikdirektor."

Turn Against Him.
Mrs. William P. Douglas, Mrs. Caroline Kane Wright, and Judge George L. Ingraham, warm ante-bellum supporters of Dr. Muck and the Boston orchestra in its New York seasons, added their signatures to all Mrs. Jay's letters of protest.
As a consequence, of the feeling against the Boston orchestra, it has not been engaged for this season's concert in the Brooklyn institute, and the Chicago Symphony is in receipt of an offer to go there to play the series.

ROUND UP DISLOYALISTS.

Lincoln, O., March 25.—Five business men of Delphos, a German settlement in western Allen county, near here, accused of pro-Germanism, were hunted out by a volunteer vigilance committee of 400 men and fifty women of

ON ROCKS OF MATRIMONY One Woman Wins Divorce and Another Sues Second Time for Freedom.

Mrs. Ruby Roslyn Lettingwell

the town, taken into a brilliantly lighted downtown street and forced to publicly salute and kiss the American flag tonight under pain of being hanged from nearby telephone poles. Three others, also business men, made their escape from the mob.

Ride Woman on Rail.

Benton, Ill., March 25.—Mrs. Frances Pergen, a woman of Bohemian birth, residing at West Frankfort, south of here, was ridden on a rail through the main street of that city late today by 500 members of the loyalty league, who charge her with disloyalty. She was made to wave a flag throughout the demonstration and to shout praise for President Wilson at various intervals.

Later the woman was taken to this city to appear before United States Commissioner Robert L. Smith.

Force Four to Kiss Flag.

Duquoin, Ill., March 25.—A loyalty demonstration here today which started upon the erroneous report of a great American victory on the western front, resulted in four men being compelled to make public manifestation of their allegiance to the government. Three men were taken in hand by the parade "loyalists" shortly after noon and late today Jacob Lust, a farmer residing four miles from here, was brought to the city and forced to kiss the flag. Leonard Burnett, whose brother is in

Mrs. Clara Langdon Perry

the American army in France, got into a fight with the chairman of the loyalty meeting when the latter resented the interference of Burnett's mother to prevent an alleged pro-German from being tarred and feathered. He may lose the sight of one eye.

Held Up to Scorn.

Pocatello, Idaho, March 25.—George Toby, alleged to have made anti-American remarks, was seized by a crowd of citizens tonight and with a rope tied around his neck was handcuffed to a lamp post on a prominent downtown corner, where he was viewed by several thousand persons.

Arrest Forty-one I. W. W.

Butte, Mont., March 25.—Forty-one men late tonight were taken from Finlander hall, meeting place of the Metal Mine Workers' union and headquarters of the I. W. W., by the police and are being held at the police station on charges of vagrancy pending investigation.

MRS. A. L. PERRY WINS A DIVORCE; NAMES 2 WOMEN

Mrs. G. M. Lettingwell
Again Sues for
Freedom.

"And alimony is comforting, too, but it doesn't make up for the long, lonesome hours."

So spoke Mrs. Clara Langdon Perry yesterday after she had, with the aid of Attorney Charles E. Erbstein, ended her trip through the matrimonial sea with Albert L. Perry, theatrical manager, by testifying in her divorce suit. Judge Brothers had just announced he would grant Mrs. Perry a divorce.

"I am not sure I am happier, but I'm relieved," said Mrs. Perry. "This trouble has caused me a lot of worry, and I'm glad it's all over now. But it is a shame—we were so happy for the first two or three years."

Two Women Named.
Mrs. Perry charged her husband with cruelty and unfaithfulness. Two women were mentioned in the testimony, one the wife of a Chicagoan and the other the wife of a Los Angeles multimillionaire. They are Mrs. A. J. Clausen, 1501 East Sixty-fifth street, and Mrs. Allen Hancock of Los Angeles, Cal.

A mysterious letter told me of Mrs. Clausen," said Mrs. Perry. "Then I investigated and found out all about it. But the woman who caused most of my trouble is Mrs. Hancock. She and my husband have been in love with each other for nineteen years, and they still are the best of friends. She came to Chicago occasionally, and they had dinner together many times. Then the theater."

"Once they invited me to the Blackstone with them and she couldn't look me in the eyes."

Judge Brothers told Attorney Erbstein to "write up a decree."

Other Marital Troubles.
The marital troubles of Ruby Roslyn Lettingwell, 4818 Sheridan road, and her husband, George M. Lettingwell, owner of several billiard parlors, were offered to the Circuit court again yesterday for solution. Attorney Charles E. Erbstein filed Mrs. Lettingwell's bill.

Mr. and Mrs. Lettingwell were married in Kansas on April 27, 1904. It was Mr. Lettingwell's fourth venture into matrimony. On Dec. 8, 1916, Mrs. Lettingwell sued for a divorce. There is one son—George, 9 years old.
On Christmas eve last a reconciliation was effected. Mrs. Lettingwell went "home" that night to decorate the Christmas tree for the boy, and the "peace on earth, good will to men" spirit reconciled her.

But, according to Attorney Erbstein's bill of yesterday, the happiness was short-lived. Mrs. Lettingwell charges cruelty.

Boy Who Killed Chum in Front of Majestic Freed

Emil Kronemann, who shot and killed Edward Perkins, 17 years old, in front of the Majestic theater Sunday night, was released from custody yesterday by a coroner's jury, which held that the shooting was accidental. Kronemann testified that he had obtained the revolver from his brother earlier in the day and had "gone hunting" in the woods about Maywood. He was trying to sell the revolver to Perkins and thought it was not loaded, he said.

Girl Who Plunged 100 Feet to Die Is Glad She'll Live

Miss Edith Van Blaricom, who is recovering in the McAllister hospital in Waukegan from injuries sustained when she leaped 100 feet from a viaduct in an attempt to end her own life, pleaded yesterday to be spared from death. H. E. Airheart, a married man, mentioned in a letter written by the girl, endeavored to see Miss Van Blaricom, but was told he could not do so until today.

Beautiful teeth are good teeth, and you can't have good teeth if you have "Acid-Mouth."

PEBECO TOOTH PASTE

will help you to have good teeth by counteracting "Acid-Mouth," and it will help you to have beautiful teeth because it keeps them white and clean.

Don't be complacent about your teeth. Authorities say that probably 95 out of every 100 people have "Acid-Mouth." Can you afford to neglect your teeth on the chance of being one of the lucky five?

Brush your teeth twice a day with Pebeco and make a precautionary visit to your dentist twice a year. If you do this you may well expect to keep your teeth healthy and beautiful for life.

EXEMPTION MEN CALL 3,704 FROM HERE FOR ARMY

Stream of Boys to Service
Beginning on Friday
Next.

Approximately 3,704 men will be inducted into military service by exemption boards of Cook county between next Friday and April 23.

Notices were mailed yesterday to 1,403 men who will be sent to Camp Grant during the five-day period beginning next Friday. Counties outside of Cook will send approximately 4,000 men to Rockford during the same period.

The departure of the 1,403 men for Camp Grant will be followed on April 3 by the calling of another block from this county of 1,193 recruits, who are to be sent to Maine.

Between April 5 and April 23 an additional 1,100 recruits will be inducted into service for special training in motive engineering. They will take training courses at Northwestern university, Lewis institute, the University of Chicago, and at the Bradley Polytechnic school at Peoria.

The order to send more men to Camp Grant came as a surprise to several Chicago exemption boards which had filled their quotas, but in the new order no credits are allowed to individual boards for men they have heretofore sent in excess of their quotas.

The only exemption specified by the order is that all men actually engaged in farming shall be "excepted in their order numbers." Only white men will be inducted who are physically qualified for general military service.

Held for False Swearing.

Emmett J. Dempsey, 27 years old, of 1453 West Sixty-seventh street, was held to the federal grand jury in \$1,000 bond yesterday for swearing falsely in his questionnaire. He was held by Commissioner Mason after Dempsey's mother-in-law, Mrs. Mary Michels, testified that in three years Dempsey had paid only \$4 towards the support of his wife and child. Dempsey had asked exemption on the ground of having a dependent wife and child.

CALL 4,509 FOR PLANE WORK.

Washington, D. C., March 25.—[Special.]—Provost Marshal General Crowder today called on the states of Minnesota, Illinois, Iowa, and Indiana to furnish 4,509 draft registrants for technical training at a number of educational institutions designated in the call.

This is the first step toward training a large army of specialists to meet the demands of various branches of the service. It is planned to train 60,000 this summer and other calls will be made as rapidly as the schools report their readiness to receive the men. The men under today's call begin their course April 5.

The men called by today's order are for training as woodworkers and gasoline engine experts for the aviation corps. Their special function will be to keep the American air fleet in first class mechanical condition.

The call is for volunteers and young men of grammar school education. Those who desire to enter the schools for this course should apply to their local boards. Wherever the boards fail to secure the required number of men by voluntary induction, they will be instructed to draft enough to fill up their quotas.

CHICAGO JACKIES LEAVE FOR SEA

Cheer and Sing as They Get Ready for Start to an Eastern Port.

Fifty-seven Chicago boys left yesterday for an eastern port to enter active duty. They were part of a contingent of 500 who have been taking initial training in the Great Lakes station. A rousing cheer sent the young men from the station into the real business of the war, and the eager youngsters sang and cheered themselves hoarse as the train drew out.

List of Those Leaving.

These are the Chicago boys:

Thomas E. Alcock, 228 North California avenue.

Ralph Anderson, 11633 Harvard avenue.

John W. Baker, 5019 South Racine avenue.

Lee B. Badmiller, 5120 Lewis avenue.

William F. Collins, 2384 South Canalport avenue.

Leroy W. Cook, 4100 North Lincoln street.

John A. Downes, 5015 South Albany avenue.

Harry Frederick Hahn, 5100 Elizabeth street.

Edward H. Kleinham, 6539 Homer street.

John Kinschewsky, 828 North Winchester avenue.

Paul Lundy, 118 Paddy avenue.

PRAIRIE DIVISION STIRRED BY HINT OF SPEEDY MOVE

Asked to Report Men
"Unfit for Service
Abroad."

Camp Logan, Houston, Tex., March 25.—[Special.]—Soldiers of the Prairie division, already restless as the result of the reports concerning the cooperation of American troops in the great battle now going on in France, are greatly excited tonight as the result of an order issued suddenly today. This order came from Gen. Bell, commanding the division, who asked all organization commanders to report on the number of officers and enlisted men who are "unfit for service abroad."

The order was taken by the junior officers and by the men as a hint that the division might expect speedy orders which would take them to France. The division has trained as long as many of the troops now on the French front and for some time has been eager to get "over there."

Division officers declined to comment on the significance of the hasty order. Sanitary Train Near Home.

With the Sanitary Train, Pasadena, Tex., March 25.—[Special.]—Only twelve miles from home. This fact

makes it a grand and glorious day for the boys of the sanitary train, who for the last five days have been plodding over the hot Texas roads at the rate of about sixteen miles a day.

This morning, at a little after 5 o'clock they broke camp and started back. They marched and sang all day. Aeroplanes from Ellington field hovered over them and the flyers did all kinds of stunts to please the marching men. The original route would have carried them to Pasadena, but when they arrived at that point the sun and their spirits were still high, so all hands agreed that an extra two miles would do no harm.

To March by Night.

Now the secret. This will not be a full night of rest. The men have heretofore spent all night in nice warm little pup tents and now the commanders feel that they are to be ready for a little actual work, so tomorrow morning at about 2 o'clock the bugle will sound off and the men will start out for Houston.

They will march until about 5 o'clock, stop about three hours to breakfast and rest a bit, and then march triumphantly through the streets of Houston and the roads of Camp Logan. So will end the first hike of many of the Prairie troops.

SEIZED AS A SPY.

George E. Mayer, religious director of Y. M. C. A. building No. 49, is in the division stockade tonight. He is suspected of being a German spy.

He was arrested late this afternoon by the military police and the judge advocate's office. He has been under suspicion for some time. It is understood that Maj. B. M. Chipfield, division judge advocate, has ordered Mayer placed in solitary confinement.

All Mayer's effects, including a trunk and a large wooden box, were searched and two three inch shells, loaded with shrapnel, were found. A large bundle of mail, all domestic, was also found. All his books and papers were taken

into custody. It is said that he received great quantities of mail daily. He was placed in handcuffs and questioned on his arrest, but later the cuffs were removed. He will probably be questioned by the judge advocate tomorrow morning.

Mayer is 40 years old. He came to Camp Logan as a religious director from Brooklyn. He is said to have relatives there. He was director of a vacation Bible school in Brooklyn. Authorities would not talk on the case tonight.

MOTEL MUST PAY HER LOSS.

Miss Frieda Beckwith, 407 Oakwood boulevard, was yesterday awarded a verdict of \$129.00 against Edward Henry, owner of the Granville hotel, 3501 Grand boulevard, for wearing apparel and jewelry stolen from her room while she lived at the hotel in January.

Turpentine will relieve a cold.

Remember years ago how Grandmother rubbed Turpentine on your chest? Remember how quickly it drove away your cold? That's because Turpentine has a peculiar property of working its way through the skin, driving out congestion, inflammation and pain.

Why don't you use Turpentine now? Not Turpentine in a greasy bottle but in the form of Turpo. Turpo is better than Turpentine because it also contains Camphor and Menthol. It is the only ointment that can give you the benefits of these safe, old remedies. Use it for colds, headaches, wounds, aches and pains of all sorts. It's a jar at your druggist's. WANTED BY STATE IN POWELL CASE, 2 WOMEN VANISH

One Is Named by OC'on-
nor Girl and Second
Is Mystery.

Two women wanted as state's wit-
nesses in the case of State Senator
John M. Powell are mysteriously miss-
ing. It was learned yesterday. Accord-
ing to operatives of the state's attor-
ney's office, they have been sought for
several days.

State Senator Powell is on trial be-
fore Judge John J. Sullivan in the
criminal court. He is charged with a
serious offense against Miss Margaret
O'Connor, 44 years old, of 215 South
California avenue.

The two women, who Prosecutor
Justin McCarthy admits are being
sought, are Mrs. Helen Whitehead and
Minnie Powell. Mrs. Whitehead was
sighted Saturday by the O'Connor girl
as having been the woman who took
her first to the offices of Attorney Rob-
ert E. Cantwell, where she alleged she
was induced to sign affidavits exoner-
ating Senator Powell, and then to a
department store where a dress
was purchased for the girl.

Seek to Trace Evidence.

Mrs. Whitehead also is alleged to
have been present in Cantwell's office
when it is charged, the O'Connor girl
was told "not to identify Powell in
court." It is believed the woman is
being sought in connection with per-
jured testimony to which the O'Con-
nor girl and Florence and Sophie Mac-
Kubin, also witnesses, have confessed.
Minnie Powell remains an enigma.
Her name was injected into the case
when Prosecutor McCarthy cross-ex-
amined Maurice Green, described by
Powell as "my legal adviser." Green
had taken the stand in defense of Sen-
ator Powell. Prosecutor McCarthy
sawed Green if he knew "Minnie
Smith."

Green admitted that he knew her.

"Do you know her by the names of
Minnie Hogan or Minnie Powell?"
asked the prosecutor.

Attorneys McDermott and Cantwell
helped to their feet with objections.
Judge Sullivan sustained the objec-
tions. Green was forced to admit, how-
ever, that "Minnie Smith" lived until
last May at 1729 West Madison street,
the address at which Powell then lived
and still lives. She moved, he testified,
to 1756 West Adams street.

Prosecutor McCarthy called several
other witnesses in an attempt to bring
out the identity of "Minnie Powell,"
but objections from the defense blocked
him.

Hogan Taken Stand.

Assistant State's Attorney Robert E.
Hogan took the stand for the state.
He testified that Green came to his of-
fice at the time the warrant for Powell
was obtained.

"He introduced himself as a member
of the Eighteenth Ward Democratic
club," of which Mr. Michael F. Sulli-
van of your office is a prominent mem-
ber," said Mr. Hogan. "He wanted
to know what 'we could do about it."

Previously acknowledged	\$11,894.65
Grand total	\$11,954.00

The children of the Goudy school
gave an entertainment at the Broad-
way theater, Broadway and Foster ave-
nue. Those taking part were Lucille
Fisher, Dorothy Meyer, Blanche Stof-
fard, Hazel Hecht, Evelyn Meyer, Evelyn
Hecht, Harry Hecht, Lillian Ollmart,
Jacqueline Frimm, Dorothy Abraham-
son, Audrie Abrahamson and Sara Kite.

I told him the circumstances and that
I didn't know that anything could be
done about it. I told him the O'Con-
nor girl and the MacKubin sisters had
picked out Senator Powell's picture
from among a number of others and
told me he was the man."

Mrs. Sarah St. Pierre, 322 South Ra-
ce avenue, mother of Evangelina
Bruch, characterized as the "big
blond" in the case, next took the
stand.

"My daughter was locked up in the
Harrison street annex," she said.
"Green came to my house with Thomas
Kelly. He took me to the court of a
judge in the city hall. First he went
into chambers with the judge. Then
he called me in. The judge asked me
if I would like to get my daughter out
of jail, and then we got a bondman
and she was released."

Says Money Was Promised.

"Tom Kelly said to me that day
that 'Evangelina better stick to Sena-
tor Powell and she would get a piece
of money out of it.'"

During the bitter legal fight Attor-
ney Cantwell flew into a rage. Once
during the morning session he re-
ferred to the reporters present as
"stiffs with yellow elegant stained
fingers."

During the afternoon he grew still
more bitter. At one time when he
walked to the bench to make a motion
which apparently he did not want the
jury to overrule, he attempted to have
the newspaper men expelled.

"I object to having these reporters
up here listening to what I have to
say to you, your honor," he re-
plied. "The newspaper men may remain,"
ruled Judge Sullivan.

Hearing of the testimony will con-
tinue this morning.

Lipsky Placed on County
Civil Service Board

Harry A. Lipsky, general manager
of the Jewish Daily Courier, was ap-
pointed a member of the county civil
service commission by the county
board yesterday. His name was pre-
sented by President Peter Reinberg,
and the appointment was concurred in
by the other commissioners without a
dissenting vote. The position was left
vacant several days ago by the death
of Melville G. Holding.

MOVE TO GRAND JURY FORECAST IN HULKE CASE

Coroner Says Indictment
of One or Two May
Be Asked.

One and possibly two persons may
be held to the grand jury this morning.
Coroner Hoffman said last night, as
the outcome of a continuation of a cor-
oner's jury inquest into the death of
Henry Hulke, who died at the German-
American hospital on Jan. 1 from cy-
anide poisoning. The reopening of the
hearing will take place at the Sheffield
avenue station at 10 o'clock.

A question which the coroner's jury
will determine today is whether poison
was placed in Hulke's stomach after
death or whether it was administered
by some one with a motive and result-
ed in death.

Dr. Wilhelm Loesser, whose patient
Hulke was at the German-American
hospital, and his attorneys assert the
former theory. Coroner Hoffman, Cor-
oner's Physician Reinhardt, and others
insist that the man was poisoned.

Argues on Theories.

In answer to the statement of At-
torney Simon Herr, one of Dr. Loesser's
lawyers, that the cyanide death theory
is ridiculous because death from this
poison is instantaneous, Dr. Reinhardt
and his associates pointed out that it
might be administered in a soluble
pellet which would require several
hours to take effect. Hulke died four
hours after the last visit by Dr. Loesser,
the testimony shows.

Coroner Hoffman intimated before
leaving his office that several new wit-
nesses will be called at the inquest
who will throw additional light on the
mystery. One of these, he said, is a
woman, who was questioned yesterday
but whose identity was not revealed.
Another woman on the west side was

OUCH! PAIN! RUB OUT RHEUMATISM

Stop suffering! Relief comes
the moment you apply old
"St. Jacobs Liniment"

Not one case in fifty requires inter-
nal treatment. Stop drugging! Rub
the misery right away! Apply soothing,
penetrating "St. Jacobs Liniment"
directly upon the "tender spot" and
relief comes instantly. "St. Jacobs
Liniment" conquers pain. It is harm-
less rheumatism liniment and can not
burn the skin.

Linger up! Stop complaining! Get
a small trial bottle of "St. Jacobs Lin-
iment" at any drug store, and in just
a moment you'll be free from rheu-
matic pain, soreness and stiffness.
Don't suffer! Relief awaits you. "St.
Jacobs Liniment" is just as good for
sprains, neuralgia, lumbago, back-
ache, sprains and swellings—Advt.

questioned by Deputy Coroner George
A. Williston.

Other Records Lost.

A demand on officials of the Ger-
man-American hospital by Commis-
sioner Peter J. Angsten that they pro-
duce the records in the death of James
G. Langlands, who was among the
four men who died following opera-
tions by Dr. Loesser, revealed that they
have been lost. Hospital attendants
said that the last heard of them was
when they were in the hands of Dr.
Alfred Raack, former superintendent,
now a practicing physician in Long-
pine, Neb.

"ILLINOIS MEN GOOD AS GOLD," SAYS GEN. HALE

Camp Grant, Ill., March 25.—(Spe-
cial.)—Major Gen. Harry C. Hale, com-
manding the Eighty-fourth National
army division at Camp Taylor, spent
an interesting three hours today in
an inspection of Gen. Kennon's fighting
machine which corresponds with his
own in the matter of depleted man
power.

His explanation of the continued
draining of both his own and the
Eighty-sixth division to recruit other
army units is that the general war
plan in the United States may demand
and receive sacrifices of any sort even
from the army itself and that any-
way, the Illinois fighting man is worth
his weight in gold wherever he is
placed.

Major Innis P. Swift, division adjutant,
today completed another important ad-
ministration short cut with the ap-
proval of Gen. Kennon. Regimental or
unit commanders have been authorized
to issue passes to selectives who have
a valid reason for leaving camp for
periods not exceeding ten days.

In addition the week end vacation
privilege of enlisted men has been ex-
tended to allow 80 per cent to be ab-
sent at one time instead of 20 per cent
of the selectives.

ROBERTSON RETURNS TO CITY.
Health Commissioner Robertson returned
yesterday from New York, where he delivered
several lectures under the auspices of the
National Education association.

A pure delicious vegetable oil

THE United States Food Administration has sug-
gested cooking with vegetable oil, as one of the
ways to help win the war.

There is a difference in vegetable oils, of course—as much
difference in quality and in taste as you find in coffee
or tea or anything else you buy.

"Wesson" is the name of a method of refining vege-
table oil. We, who make it and know how good it is,
hope you will try Wesson Oil.

You may try it first because it is vegetable. Or because
it costs so little. But once you have tried it, we believe
you will continue to use Wesson Oil because it is so good
and makes so many good things to eat cost so little.

"Consider the L. B. Card ledger an investment—"

The Library Bureau card ledger, posted by
machine, multiplies the value of minutes and
helps solve the labor shortage. It brings speed-
with-accuracy to your office for life-time service.

The L. B. Card ledger is the rapid-fire method
of keeping accounts up-to-the-minute and probed
daily. It is first-over-the-top at the end of the
month. It is the guardian of present business—
foundation for the future.

The L. B. Card ledger saves hours of posting
time. And it is easy to operate. An inex-
perienced girl can pick it up in a jiffy. Banks
and commercial houses all over the country are
using the L. B. Card ledger. It is meeting the
war-time demand.

The L. B. Card ledger is equally adaptable to the require-
ments of large and small businesses. The cost, measured
by the service it gives, makes it an A1 investment.

Our booklets give specific examples of what it does in
banks and commercial houses. Issued frequently. Write,
telephone or call for the latest.

OUSTED HEAD OF JUVENILE HOME FILES CHARGES

Mrs. Guild Says Moral and Physical Conditions Are Bad.

Charges that conditions inimical to the moral and physical welfare of children exist at the juvenile detention home are made by Mrs. June Purcell, superintendent of the institution, until the position was abolished last Feb. 25, in a report filed yesterday with Judge Victor P. Arnold of the juvenile court.

Peter Reinberg, president of the Cook county board, declined to act on her complaints of conditions. Mrs. Guild declared, Judge Arnold said last night he was conducting a private investigation of the charges and that until it was completed he would permit no children to be sent to the home from his court.

Mrs. Guild's Charges. After asserting that the "state law in regard to the juvenile detention home has been ignored," Mrs. Guild makes the following charges:

"At present there are twenty-two boys in one room, where the health department allows but fourteen, and there are seven rooms unused in the school. I suppose the health department ignores this condition on professional courtesy."

When she took charge as superintendent she found, she says, that:

"Dependent boys and girls and delinquent girls were being kept together in the same section; that old and seriously delinquent boys were not separated from young truants, runaways, and mild first offenders; that the isolation facilities were utterly and abominably inadequate."

Writes of Merit Board. Of the civil service commission she writes:

"I believe these men have been tried to be fair, but because they are appointees of the president of the county board they have been forced to do many questionable, not to say dishonorable, things."

"The typist at the home, a political appointee, a very incapable and disagreeable young woman, who openly insulted the public, the children, and many of the employees of the juvenile home, asked for a vacation soon after I went to the home. I telephoned the assistant secretary of the civil service commission and he informed me she was not entitled to a vacation."

Refused Sick Leave. Mrs. Guild didn't give her a vacation and shortly afterward "one of the members of the county board telephoned me and demanded that I give her a two weeks' vacation." Mrs. Guild still declined, and a little later, when she became ill and asked for sick leave for herself, it was refused because, she alleges, she had not given the typist a vacation.

A young window washer who had been tentatively appointed attendant over the delinquent boys asked her to recommend him for a permanent position. She refused.

"He told me his friends would get it for him in spite of me. They did."

High Schools CADETS' PARADE IS POSTPONED

The parade of high school cadets and agricultural students in the high schools scheduled for today has been postponed. Supt. John D. Gibson knew nothing more about it than that it will take place next week. He wanted the date to be April 6, the anniversary of the beginning of the war, but the students object to marching on Saturday, as many have Saturday jobs. There will be a meeting this afternoon in the rooms of the State Council of Defense to determine a date. Several organizations have been asked to participate, but there have been only a few replies.

Reports from 60 per cent of the public schools indicate that school children have purchased \$270,000 in thrift stamps. About \$6,000 children have bought stamps.

Standardized Catalogs. BY concentrating part of our facilities on the production of catalogs in two standard sizes—6x9 and 5x4 (to fit a small envelope)—we are able to effect a large saving in the cost. This covers the same high grade workmanship for which we are known in the Central West—good enameled paper, a substantial cover and careful preparation of the cuts—in fact, everything included in a first class job. The saving results from a Standardized Product turned out in immense quantities by machinery and workmen adapted to special requirements and on paper bought in car lots.

PRICE SCALE

16 pp. and cover 60¢ 36¢

100 pp. and cover 1.25 .75

200 pp. and cover 2.50 1.50

500 pp. and cover 5.00 3.00

In case you cannot use either of these sizes, we can serve you in your particular way. Our color plates print in two colors with one operation and have saved thousands of dollars in cost. Our advertising staff has yet to make a single failure in getting results from a Direct-Mail campaign. We shall be glad to call at your convenience.

WORK FOR SELF AND FREE OTHERS TO WORK FOR U. S.

Snow Tells Civilians How to Do Part in War.

B. W. Snow last night urged that every stay-at-home during the period of the war contribute labor toward winning the great struggle.

At a meeting in the Woodlawn Masonic temple under the auspices of the Woodlawn branch of the State Council of Defense, he told his audience that the purchasing of Liberty bonds alone falls far short of performing one's full duty.

"It is not necessary to go into a munition plant," he said. "If you will perform some class of labor that you have not been in the habit of doing, you will release the labor that has been at this task and it will be gathered into the lines of industry directly engaged in the manufacture of war supplies."

Release Needed Labor. "What your government demands of you is that you shall conduct your affairs as to release labor that is working for your particular benefit. If you will plant your own patch of potatoes, it releases the farmer in Wisconsin from that service to you and makes him available for service to the government."

"If you will refrain from buying that new dress and make over your old one, it means that the loom that has been engaged in weaving cloth for your clothing will turn to weaving cloth for the uniforms of our soldiers."

"It means that if you will drive your own car, your chauffeur will be released to drive a munition truck or an ambulance upon the battle field."

Use Full Resources. "The resources of this country are almost beyond limit. They are so great that when thrown into the scale of balance existing between our allies and the central powers they place the preponderance so completely upon our side that there can be no doubt of the result, providing the full weight of these resources is thrown into the effort."

"It is these resources that are needed, mobilized and marshaled, at once on the French front quite as much as our men are needed. It is through self-denial on your part and mine, and a constant realizing that everything we ourselves use is destroyed so far as affecting the war is concerned that will eventually make it possible to marshal these resources."

SCHOOL BOARD GETS \$775,000 OVERDUE RENTS

Seven lessees of school property turned over to the board of education yesterday \$775,000 in rentals. It has been held up in litigation over the last ten year revaluation of State street property. There is still \$150,000 due from two Dearborn street tenants.

At the last meeting of the board the solid six voted to accept the money without interest. About \$50,000 in interest was at stake, and if the school board had come to the same decision soon after the litigation was settled last October it would have saved \$20,000 in interest of the public's money.

Following are the amounts turned over yesterday:

Bishop & Co. \$58,000

Rosale Cavanah 60,134

D. F. Crilly 182,736

Henry Friend 116,120

Macoy Securities company 58,000

McVickers Theater company 180,220

Stumer, Rosenthal, and Eckstein 118,190

MADDEN ON WAY TO AID JACKSON IN SECOND WARD

Congressman Martin B. Madden arrives in Chicago today to take over the leadership of the Jackson interests in the bitter campaign that is on in the Second ward between Maj. Robert R. Jackson, the regular Republican nominee, and former Ald. Oscar De Priest, independent. Both candidates are Negroes.

The Second ward situation has been hopelessly complicated by the public announcement from Jackson that he is likely to be with the mayor, if elected to the city council. In the primary fight the city hall got credit for having been wallowed through its support of De Priest, who was one of the recognized friends of the present city administration up until the moment of his latest defeat.

Corporation Counsel Ettelson has made a speech for Jackson and now Congressman Madden comes to handle his campaign.

Roy O. West, Mrs. Jennie Fisher, and Frank D. Ayres will speak tonight in behalf of Felix A. Norden, Republican nominee for alderman in the Third ward, at the Norden headquarters at 459 East Forty-third street.

George C. Sikes has announced his resignation from the Public Ownership league, because Carl D. Thompson, Socialist nominee for alderman in the Twenty-seventh ward, is its secretary. In a letter sent to Mr. Thompson and given out to the public last night, Mr. Sikes says: "For my part I do not care to be identified with an organization having a Socialist bolshevik like yourself as its secretary and directing head."

ATTACK ON M. V. L. FILED. Ald. M. A. Michelson's resolution asking the city council to ignore the methods of organizing council committees as sponsored by the Municipal Voters' league was placed on file yesterday by the council committee on home defense. The action was unanimous. The resolution was not discussed by the council.

Anybody who has a plan for the beautification of the new extension of Michigan avenue from the river to Chicago avenue? Send your plan into the architects' committee for the widening and extension of North Michigan avenue at room 808 National City Bank building. You do not have to be an architect. An idea or plan sent in will be submitted to the architects' committee for consideration. The architects decided to ask for plans yesterday at a meeting in which many of the prominent firms in Chicago were represented.

FASHION'S BLUE BOOK

BY CORINNE LOWE.

NEW YORK.—(Special Correspondence.)—Just how far an ambitious sleeve can get in the world it should be elbow length is illustrated by the frock above. This frock is the work of an American creator and we do think it is the most stunning and practical of that kind of thing—the fragility of wool type—which we have seen.

The jacketlike bodice of black satin with its deep cuffs, neckband, and front folds of white, satin is bridged to a light underskirt of the same black by a wide overskirt of blue serge. It is simple and smart as can be and in an age when every dress is trying to be both of those things that is something of an accomplishment.

In spite of the fact that some

sleeves of this spring are long and tight as when Smedley was illustrating Howells' novels in the old magazine, the greater number are elbow length. Behind this what we see is a light underskirt of the same black by a wide overskirt of blue serge. It is simple and smart as can be and in an age when every dress is trying to be both of those things that is something of an accomplishment.

In spite of the fact that some

CLUB NOTES

Child welfare and its present relation to the war was the subject of an interesting report made yesterday before members of the Woman's City club by Mrs. Ira Couch Wood, who recently returned from Washington, D. C., where she went to attend a conference of the child welfare chairmen of the states called by Miss Julia Lathrop, chief of the federal children's bureau.

"Child conservation is one of the most vitally important issues of the time," said Mrs. Wood. "Work for the child is as immediate a war need as rolling bandages and knitting socks. Real preparedness must begin with the most intelligent care for child life, a fact borne out in the huge proportion of young men who were rejected in the draft as physically unfit."

"The maintenance of a public health nurse is the basis of the whole child welfare program of a state. This means that not only the ignorant women of our communities must be taught the necessity of proper feeding and care of children but the most intelligent classes of women, who are the ones to spread the information on the subject."

A plea was made by Mrs. Wood for a new attitude toward ventilation in schools, whereby direct fresh air be let into the schoolroom, for birth registration, for a nurse in every community in the state, and for the establishment of a school for midwives, who now, she said, conduct 50 per cent of the births in the city.

"The uniforms that women wear in the various kinds of war work they are doing are too alluring," was a message brought back from Washington by Mrs. Wood, who received it from Luther Halsey Gulick, at one

time head of the Camp Fire Girls, who has recently returned from France. "In France it is said there are too many young American girls wearing fetching uniforms and sitting about in cafes with soldiers whose work does not make up for the amount of food and money that it takes to keep them there," said Mrs. Wood. "We will soon pass the stage of wearing uniforms, and then it will be work in real earnest. The simple normal work of today here will be glorified in the importance that it really has in accomplishing our war ends."

Three Liberty bonds were bought yesterday by members and directors of the federation of Illinois clubs of the tenth congressional district, and further plans were made by the delegates who met at the Ravenswood Woman's club in an all-day session to become 100 per cent efficient in the matter of Liberty bonds. Every club in the district is to buy a bond and every club member in the district is to sell a bond.

Have You Ever Owned a Good Fountain Pen?

Avoid writing troubles with the always dependable CONKLIN. Its superiority is proven by the following facts:

- it will not roll off the desk—"Crescent-Filler" prevents it.
- it's backed by the strongest and broadest guarantee in the fountain pen field.
- there's a Conklin point to suit every style of handwriting.

Sold by leading stationers, jewelers, druggists and department stores at \$2.50, \$3.00, \$4.00, \$5.00 and up.

Try one today — and you'll never be without your CONKLIN.

The Conklin Pen Mfg. Co., Toledo, Ohio, U. S. A. Chicago Service Station 1006 Lytton Bldg.

NON-LEAKABLE

Better, So Far as Mary's Concerned, Than 'Thais'

"THE SPLENDID SINNER."
Produced by Goldwyn.
Directed by Edwin Carewe.
Presented at the Orpheum.

THE CAST:
Dolores Fargus.....Mary Garden
Hugh Maxwell.....William B. Davis
Rudolph von Zorn.....Anders Randolf
The young musician.....Hanna Russell
A detective.....Henry Robinson
Louis, a maid.....Roberta Bellinger

By Mae Tinee.

It is a pleasing, tender, wholesome, if sometimes too theatric, Mary Garden who dominates the decidedly far fetched picture offering which is her second venture on the screen. Her personality gets her "across" more successfully this time than it did in "Thais," though it is impossible to deny the fact that the Mary Garden of screen and stage are two and that of the two there is no choice but to prefer the Mary Garden of the stage.

In "The Splendid Sinner" we are shown a gay lady of Broadway, pampered though unmarried mate of a heavy jowled person with a German name, forsaking this same Broadway and German for the clean air of the country and love and wedding rings of a country doctor who knows nothing of her past.

He learns—and leaves her (such is love), enlists under the British flag, and is captured by the Germans. She becomes a Red Cross nurse and, of course, runs across him; wounded and about to die. He confides to her that in the heel of his right boot are important dispatches which must get across the lines that night. She says she will take them.

Captured in the act, she is brought before the general—her former lover with the German name—and there is nothing else for him to do but to sentence her to be shot at sunrise. Just as she is lined up against the wall, he sends her a written communication stating that if "you will be to me everything you were before, give the incriminating communication to the officer and he will conduct you safely to me." (Such role.) She tears the letter in pieces.

"Do your duty!" she says to the commanding officer of the firing squad—and they do it.

So far as photography and the acting as a whole go, the picture is commendable. But O, these tiresome, improbable, trite yarns from which they spin productions! Will producers never learn that picture audiences as a rule are bright!

ASK ME! ASK ME!

HEPHERAH: Not that I know of, William Park's address is care of the Astor-Park Film company, New Rochelle, N. Y.

A STUDENT: Yes, Marshall Stedman, who is Myrtle Stedman's husband, was formerly a teacher of dramatic art in a Chicago school. Miss Stedman is a singer as well as an actress.

RACHELOR: Well, if you hope to remain one far be it from me to argue with you. Stay single and heaven bless you! Despite your letter, however, I insist that you are neither cross nor crabbed. I can be stubborn, too, you see. If you go to Camp Grant write me from there. Glad to have heard from you.

MEETINGS
Events Scheduled in Chicago Today and Tonight.

Insurance Exchange building, 8 p. m.—The Fire Insurance Club of Chicago will have C. C. Taylor of the Central Actuarial bureau speak on "Use and Occupancy Insurance."
Woodlawn Baptist church, University avenue and Sixty-second street, 8 p. m.—The Young Peoples' Civic League of the church will present a patriotic pageant.
Hotel La Salle, 8 p. m.—The annual election of the Traffic club of Chicago will be held.

MARY GARDEN

Don't You Love the Way She Does Her Hair?

Amusements Often a Tonic to Brace Us Up in Dark Days

BY ANTOINETTE DONNELLY.

Speaking of a young war bride whose husband is in one of the training camps in this country, and whose two brothers are also in the service, one over there, another girl said of her: "I don't see how she could go to a theater or a party if she had any feelings at all."

A bit harsh, don't you think? The war news of the last few days has awakened us to a seriousness few of us had reached before. The idea of pleasure seeking does seem traitorous at this particular moment. And pleasure seeking as an occupation is traitorous. But as a tonic to brace up the wives and sweethearts back home for their work here and the spirit with which to do that work cheerfully and well the tonic is absolutely essential now and then.

You can't write cheerful letters if you will not get away from your own unhappiness. You can't do war work which to do that work cheerfully and well the tonic is absolutely essential now and then. There's a world of difference between the gaiety of those who put a brave face on their anxiety and that of selfish indifference.

HELEN G.: IT IS DANGEROUS now because of the necessitated use of substitutes to use dyes on the hair. Henna is not injurious. I do not advise its use. Dyed hair is unmistakable, looks coarse, and ages the face. It is never satisfactory and often leads to unpleasant results. Gray hair or white is infinitely better to my mind. Please reconsider your decision.

YOUR HOME WILL BE ATTRACTIVE IF WIRED FOR ELECTRICITY

Tribune Cook Book

THIS IS MEATLESS DAY!

BY JANE EDDINGTON.
Cash and Carry Fish.

On a given day this year, or last year, or three or four years back, the price of a fish steak per pound may be something like 25 cents in a store on a given street, out from the centers of trade. Yet, farther out, but on a bigger trading street, it may not cost any more than 15 cents a pound; and downtown it may be 10 more than 15.

Before I had applied as much reason and got as many points of view on the food trades as I have now, a variation like this in price, the quality being the same in each case, seemed wholly wrong. Four years ago I went from one part of town to others, on the same day, just to find out what the variation was. The highest price found was that of the store nearest where I lived, and then seemed highly exorbitant. Some housewives today think men who charge the highest price under similar circumstances are profiteers. When it is a question of fish I believe they rarely are.

It had not dawned upon me when I worked myself up to a belief, by collecting what I thought were sufficient evidence, that the store most convenient to me charged exorbitant prices, why the seller had to charge what he did. Nor did it dawn upon me at once after I had carried home fish from several distant points why the man who only sold twenty or thirty pounds of fish, and that mostly on a single day in the week, would have to charge more for his products than a regular fish dealer. If only one fish out of ten purchased should not be sold he might lose on the lot and have all his work of getting this small amount dead loss. Transportation charges on small lots are greatly in excess of the same charges on large quantities.

Some of the housewives of today who have complained of what they called profiteering on fish should try an experiment or two in carrying fish home which they bought where they could not have it charged. Once after an expenditure of about three hours of time and 40 cents in car fare, and as it was a cold day, a lot of my own precious heat and energy, I reached home with a fish not procurable near at hand, unless previously ordered. What had it cost me? In actual money but a small amount, but the real and true cost made it the most expensive fish I had ever purchased.

Suppose I had ordered it of a near at hand dealer. Perhaps he and his trader would have had to have spent nearly as much time as I had spent, though of course he would not be likely to have put as much effort into the wholesale reason. At any rate it would be reasonable for me to pay him a reasonable price for his time and money.

We shall never be able to see straight on this food question until we can have some realization of other costs besides that of actual money. We have wasted food unbelievably because we have had no realization of the actual cost of time and thought and labor to produce it. We have paid excessive prices for some almost non-essential foods and then made such a fuss over paying a just price for such a food as milk, that both the milk trade and milk producers have been profoundly affected to what may ultimately be our great loss.

THE SUCCESSFUL HOME GARDEN

BY J. F. H. HEIDE.
No. 24.

Care of the Window Box for the War Garden.

Directions for the preparation of a special window box or any desired makeshift have been published; the sowing of such seeds as must be started indoors was described March 18 (No. 10).

As then indicated, the seedling box will be kept covered to retain moisture and exclude light till the seeds germinate and the young plants begin to appear at the surfaces. Meanwhile the soil is not disturbed, except to sprinkle it, when it appears dry, with water that has stood in the room for a time to "take the chill off." In case muslin is used as a cover, proper moisture may be maintained by brushing water onto the muslin from time to time.

When the seedling plants begin to appear at the surface, in seven to ten days after sowing, the cover is permanently removed and the "hardening off" process begins. We shall assume that the window contains both the harder seedlings transplanted about the middle of April and the tender sorts which must be withheld till the latter half of May. If only lettuce and hotbed seedlings are started, the following temperatures may be reduced five degrees; if only the tender sorts, the temperatures should be raised five degrees.

When the outdoor temperature is above 45 degrees F. in the shade and the wind not from the side on which the window is situated, the latter is slightly opened while the sun is on the box and left open till the temperature falls to the afternoon, unless the sun leaves the box sooner.

The weather permitting, the window is raised higher daily and closed as the temperature drops in the later afternoon or earlier. On balmy days with the thermometer registering above 65, the box or other seedling container is placed in the sun outdoors until the cooler part of the day.

After ten days from the first appearance of the seedling plants the window may be left slightly open at night, increasing nightly until the box is left outdoors over night. The official weather forecast on the front page of THE TRIBUNE and a dependable outdoor thermometer must be watched faithfully that the young plants need not be exposed to a night temperature of less than 53 nor to a day temperature of less than 45, whether at the window or in the open.

Very light watering, about 10 a. m., begins when the box is uncovered at the first signs of germination. It is important not to water during the afternoon, especially when the plants are left outdoors, for the cold vapors which still the still delicate plants, and they grow sturdier and more hardened, and the sun becomes warmer, the sprinkling may be more copious though at longer intervals.

If the soil becomes crusted from the watering, it should be gently cultivated to the depth of an inch or so with a pointed stick or an ordinary table fork, exercising care not to molest the seedlings. Weeds must be kept pulled out.

Thus the young plants become hardy, vigorous, and resistant, fit to transplant to the war garden when the weather is favorable.

U.S. URGES USE OF POTATO BREAD TO CONSERVE WHEAT

Vast Tuber Crop Which Must Be Sold May Cut Food Costs.

The abundance of potatoes and the scarcity of wheat have caused the United States food administration to renew its efforts to have housewives increase their use of tubers in baking bread.

Experiments with bread in which potatoes are used have been conducted for some time and yesterday the baking division of the food administration gave out a recipe which is recommended as practical.

Potato Bread Recipe.

The recipe is as follows:
Wheat flour, 70 lbs.; yeast, 2 lbs.; corn flour, 10 lbs.; salt, 1/2 lb.; corn flour, 10 lbs.; salt, 1/2 lb.; potato, 40 lbs.; shortening, 1/4 lb.

"For sponge—Water, one gallon; flour, eight pounds; yeast, one-half pound.

"Mix sponge with potatoes, water (one and one-half gallons), rice flour and corn flour; run the mixer five minutes, then add salt, diamalt, yeast, vegetable fat, wheat flour, and enough water to make a stiff dough.

"The potatoes should be boiled, cooled off, and mashed cold.

"Let the dough rise three hours, punch down and raise one hour. Mold or shape into loaves or rolls. Bake in moderate oven.

"Smaller quantities in proportion.

"The moisture in the potatoes varies and should influence the quantity of water used."

Potato Prices Drop.

A crop of 50,000,000 bushels of potatoes must be shipped out of Minnesota, the Dakotas, and Michigan, and marketed before June 15. Otherwise the farmers will suffer heavy losses.

As a result of heavy shipments the price to consumers dropped yesterday to 12 to 15 cents for ten pounds, for the number one grade, and 10 to 11 cents for number two. Prices are still dropping on the general market, so it is expected that the consumer will be able to get still lower figures before long.

Only a few mills are reported as being equipped for making potato flour, but experts in the baking division of the food administration claim that good results can be obtained in homes by using potatoes in bread after they have been boiled and mashed.

HELD FOR ROBBERING MAIL.

Joseph J. Zelenka, 19 years old, a special delivery boy, was arrested yesterday before United States Commissioner Mason by Postal Inspector Johnson on a charge of having taken a check from a mail carrier and forged a receipt for its delivery. He was held for a hearing today.

MARSHALL FIELD & CO.

Gloves and Handkerchiefs for Easter

IT IS pleasant to know, in these times of undependable transportation and of uncertain supplies, that our assortments of Gloves and Handkerchiefs are just as excellent this Easter as in previous years.

The Gloves essentially of Easter are white, of course, but there are also the suit shades—tans, browns, grays and black. \$2.25 and more.

Handkerchiefs consider a bit of color of first importance. Madeira, France, Ireland and Switzerland have made generous contributions, in both white and colors, to the Easter assortment.

Newly Arrived Importations of SCOTCH WIDE-LOOM CHENILLE CARPET RUGS

In modern home decoration with its Old English period furniture and upholstery in subdued tones, the plain fields in carpet covering are much the most desired.

Consequently many of our patrons will be interested to know of the safe arrival of an extensive shipment of Scotch machine-tufted, wide-loom chenille carpets from the Templeton Mills of Glasgow.

These are now shown in modified shades of English mole, sand, tete de negre, warm beige, Pompeian green, French blue, champagne, old blue, taupe, varying in widths from 9 to 21 feet without a seam and in any length up to 45 feet and in many cases to 90 feet.

Considering the exquisite richness and quality of these beautiful Templeton wide-loom chenille carpets the pricing bears a favorable significance—from \$9 to \$15 the square yard, according to grade.

EDUCATIONAL

READING ABILITY

FOR MEN AND WOMEN

YOUR SPEECH POWER means so
much! Can you talk convincingly?
Can you train your voice to be
clear, strong, and pleasing?
The Chicago School of Speech
teaches you how.

One of the best lauds delivered today
by Lenroot's behalf was this letter from
Congressman William Kent of California,
formerly of Chicago and a recognized
leader of progressive political
thought:

"Mr. Lenroot is, in my opinion,
the strongest, sanest man in either
house of congress.

Whenever the president has desired
constructive legislation affecting
the public domain, he has neces-
sarily looked to Lenroot to play the
leading part."

Aspersions against his loyalty, from
unscrupulous sources, are false and unjust
and cruel. He voted, as I voted, against
the resolution, until it could be
shown that it was not a vote of
confidence in the president, but a
vote of censure.

Mr. Lenroot is, in my opinion,
the strongest, sanest man in either
house of congress.

Whenever the president has desired
constructive legislation affecting
the public domain, he has neces-
sarily looked to Lenroot to play the
leading part."

Aspersions against his loyalty, from
unscrupulous sources, are false and unjust
and cruel. He voted, as I voted, against
the resolution, until it could be
shown that it was not a vote of
confidence in the president, but a
vote of censure.

Mr. Lenroot is, in my opinion,
the strongest, sanest man in either
house of congress.

Whenever the president has desired

vote of censure.

Mr. Lenroot is, in my opinion,
the strongest, sanest man in either
house of congress.

LA FOLLETTE MAN ADMITS DEFEAT; AIDS LENROOT

Vice President Marshall
Leads Davies' Fight
in Wisconsin.

Milwaukee, Wis., March 25.—(Special)—James Thompson of La Crosse, defeated by the official returns, practically complete, to have been defeated by Congressman Irvine L. Lenroot for the Republican nomination for United States senator, by more than 3,000 votes, conceded Mr. Lenroot's nomination and promised his own support to Mr. Lenroot this afternoon.

"I cheerfully abide by the result," Mr. Thompson said in a statement given out at La Crosse, "and will support the nominee of my party, Congressman Lenroot, for election April 1."

This statement from Mr. Thompson, which seemed to set at rest much of the gossip that has been floating around as to "what will the La Follette Republicans do?" was followed in Milwaukee by the definite ending of the attempts to obtain the withdrawal of either Lenroot or Davies. Such a plan was suggested by the Wisconsin Loyalty league last week. The proposition was killed when it was called on all hands that neither Mr. Lenroot nor Mr. Davies would withdraw, even with the possibility of the election of Victor Berger, Socialist, as a factor in the three-cornered proposition.

Marshall Pleads for Davies.

With the decks thus cleared for action, the seven day senatorial campaign that ends next Monday night started tonight. Mr. Lenroot delivered his opening speech at Kenosha. Vice President Marshall, in a vitriolic speech in behalf of Mr. Davies at Madison, made this statement:

"Your self-appointed leaders are now trying to convince the loyal half that the really important thing is not loyalty or disloyalty but party success. Having purified the stream in the primary you welcome the sewage to help you over the election."

United States Senator James Hamilton Lewis, speaking at Appleton, said: "The president at this crisis is entitled to one of his party organization and one who is his personal friend. With Wisconsin's yield of party pride to this bit of political patriotism in this hour calling for sacrifice that the nation may be saved?"

Speech by Lenroot.

Congressman Lenroot called on President Wilson to keep his hands out of Wisconsin state politics. He said that as Republicans in congress had forgotten party lines to support his policies, the president should not interfere between loyal Democrats and loyal Republicans in Wisconsin.

"Although President Wilson in his zeal for Democratic success in Wisconsin may be willing to overlook the party differences," he said, "and although I might quote from his own speeches prior to entering the war as indicating lack of vision, I am ready to defend his patriotism at all times, and since our entering the war he has remained a straightforward, consistent enemy with a definite objective, and in this course I shall support him in the future as in the past."

As we Republicans have forgotten party in supporting his war policies, we have the right to ask him to abstain from partisan interference between loyal Republicans and loyal Democrats."

Address by Davies.

Mr. Davies in his speech at Sheboygan tonight referred to the great battle now in progress in France. He said: "The military news from the west front today shows that civilization is being saved in the balance."

"Our country, our future—the future of our children is threatened as it has never been threatened before."

"This is the darkest hour in the history of this nation. It is a time, I ask you, for playing politics? What is the result? What is our salvation in this crisis?"

"Your country is periled. Your commander in chief needs a united army. Will you stand by him?"

Lenroot Gets Indorsement.

The following telegram from Washington was made public today, signed by Republican members of the senate, representing all factions of the body:

"We unqualifiedly and warmly indorse the candidacy of Irvine L. Lenroot for a seat in the senate of the United States. The career of Mr. Lenroot in the house of representatives has demonstrated that he is a man of ability, integrity, loyalty, and sound common sense. His election will add to the senate a man who will be a distinct credit to the state of Wisconsin and a valuable addition to the Republican members. We hope all Republicans in Wisconsin will give him their warm support."

Kent Lauds Lenroot.

One of the best lauds delivered today by Lenroot's behalf was this letter from Congressman William Kent of California, formerly of Chicago and a recognized leader of progressive political thought:

"Mr. Lenroot is, in my opinion, the strongest, sanest man in either house of congress.

Whenever the president has desired constructive legislation affecting the public domain, he has necessarily looked to Lenroot to play the leading part."

Aspersions against his loyalty, from unscrupulous sources, are false and unjust and cruel. He voted, as I voted, against the resolution, until it could be shown that it was not a vote of confidence in the president, but a vote of censure.

Mr. Lenroot is, in my opinion, the strongest, sanest man in either house of congress.

Whenever the president has desired constructive legislation affecting the public domain, he has necessarily looked to Lenroot to play the leading part."

Mr. Lenroot is, in my opinion, the strongest, sanest man in either house of congress.

"THE RIVIERA GIRL" AT THE BLACKSTONE

BY PERCY HAMMOND.

"EIGH-HUM!" Here we are at Monte Carlo again, viewing with customary solicitude the solemn romances with comic trimmings which habitually happen under those azure musical comedy skies.

Ted, indeed, Sylvia, the chaste though popular actress is with us, adored by the callow count, opposed by his choleric father and in love with the mysterious stranger who in the end turns out to be the Prince de Parma, as good as he is beautiful. Let us call the roll:

Funny waiter with gloomy jokes? Present.

Brash American, chairman of the Fishburg, Ill., Anti-Gambling league? Present.

Birdie, his wife, the leader of Fishburg society, who timidly breaks the bank at roulette? Present.

Amorous old baron, an ex-ambassador with senile signs? Present.

Flower Pétie? Present.

Revels on the terrace? Present.

Babbette? Gabrielle? Jules? Cécile? All present.

Something like an exotic Old Home Week, whose opulent ceremonies are saddened by a penitential aroma of remorse and for a chorus of bright-looking maidens who can sing and dance. The thing runs to "class" more than to anything else, and there is "class" enough in it to equip several "Gilt" shows. Not an unclean atom mars its decorum.

Miss Wilda Bennett, who succeeded Miss Julia Sanderson in "Sybil" last year, and who acted here once in "The Only Girl," is the prima donna who plays the prim prim donna. Propriety, dominates her likable personality, and she sings worthily in a trim little voice, alone and with others. Battling for her heart and hand are a brace of minor characters, Arthur Burckley and Carl Gantvoort, who coo while conversing. She marries Mr. Gantvoort so that she can get a divorce and marry Mr. Burckley; but she falls in love with Mr. Gantvoort, and is married to him. Their intervening troubles and misunderstandings are mitigated by their singing to each other several sad, pretty songs.

There is no regulation cown in the play, but Sam Harty, representing the breezy Illinois reformer, contributes a lot of tall, vigorous, and good looking buffoonery without much aid from the thespians. The young couple challenge him to a duel, saying: "Do you use a blade?" "I do," answers Mr. Harty, "until my wife taught me to use a fork." "Put cutters under your neck, your brain is crippled," he remarks a moment later. The young couple challenge him to a duel, saying: "Do you use a blade?" "I do," answers Mr. Harty, "until my wife taught me to use a fork." "Put cutters under your neck, your brain is crippled," he remarks a moment later.

His principal accomplice is Miss Juliette Day, a quietly mischievous young actress, playing with airy restraint and to the hilt. The young couple challenge him to a duel, saying: "Do you use a blade?" "I do," answers Mr. Harty, "until my wife taught me to use a fork." "Put cutters under your neck, your brain is crippled," he remarks a moment later.

Joe was interested. Later he met the customer and the owner of the machine and a \$1 bill was ground out of the machine. The next day Joe turned over \$1,000 to be made into more money and the day following he opened the package of "money" given him and found he had been swindled.

He complained to the federal authorities and last night Herman Dungs, the professor, alleged to have sold him the machine, and the private man were on exhibition at the detective bureau. Dungs was arrested at Milwaukee some time ago as being an alien enemy. With him at the time was Otto Miller, who escaped the federal officers. Dan, an actor, was to deliver a lecture for a grocery in West Division street. He says he came from Germany.

10,000 DEMAND SCALP OF SCULLY AS BRYAN TALKS

Nebraskan Sails Into the
Election Board as
Brewery Aids.

An audience of 10,000, assembled in the Billy Sunday tabernacle last evening to hear William Jennings Bryan speak on "A Dry Chicago and a Dry Nation," gave a unanimous rising vote demanding the impeachment and removal from office of Judge Thomas F. Scully.

The resolutions charge Judge Scully appointed as commissioner of election three men "interested in or subservient to the brewery interests of Chicago, by whom the people of Chicago were deliberately deprived of their right to give their judgment at the polls on the question of whether Chicago shall be dry territory."

The resolutions were read by the Rev. W. P. Millard, executive secretary of the Chicago Church federation. A call for a rising vote was greeted by a five minute demonstration of yells, shouts, and hand clapping.

Why Petition Was Lost.

The Rev. Philip Yarrow, superintendent of the Dry Chicago federation, denounced the action of the election commissioners in throwing out the dry petition, saying it was done by "the most corrupt methods known to political chicanery."

"The question has been asked," said Dr. Yarrow, "as to what was the matter with the dry Chicago petition. I will tell you. It was a wet judge, three wet election commissioners, and a wet chief clerk backed by an organization of wets."

"An Insult to City," Says Bryan.

"If Chicago is not insulted by the action of the commissioners in setting aside the dry petition," Mr. Bryan said, "the city hasn't yet risen to its proper dignity."

At least two men on the election commission were interested in the brewing business, the financial interests of which were involved in the petition, says Mr. Yarrow. He said the commissioners did not have the common sense and decency demanded in the lowest office under the flag.

"If you can't vote on the question in Chicago you can vote on it by electing men to the legislature who will vote to ratify the national prohibition amendment and make Chicago dry by making the nation dry."

After repeated calls Mr. Bryan jumped down into Billy Sunday's pit and shook hands with the crowd which moved up the sidewalk alrives four lines deep after the manner of trail hitters.

SOMEBODY IS ALWAYS TAKING THE JOY OUT OF LIFE

SUNDAY GUEST OF J. OGDEN ARMOUR ON DAY OF REST

Inquires for War News
and Insists Huns
Can't Win.

TODAY'S PROGRAM

8 and 7:30 p. m.—Preaching by Billy Sunday in the tabernacle, Chicago avenue and the lake.

11 a. m. to 1 p. m.—Employed women's luncheon in the second floor, 25 South Wabash avenue.

11:30 a. m. to 1:45 p. m.—Meetings on the first floor, 25 South Wabash avenue, led by Miss Frances E. Miller.

BEG YOUR PARDON!

Arthur V. Webster, surveyor for Du Page county, was said in THE TRIBUNE of March 19 to be at work completing the cutoff grading in the Lincoln highway detour.

This work is in charge of E. L. Gates, superintendent of highways, Wheaton. Mr. Webster's interest is that of promoter of the detour.

The issue of March 24, in an article about the murder of Ray L. Peck, said of information given to the authorities by Harry Sprons, who in a headline was described as a prisoner.

Mr. Sprons's attorneys explain that he was not under arrest, that he was charged with any offense, and that no warrant has been issued against him at any time. "At no time," they said, "was he in the custody of any officer; and he is now employed again in this city and working every day."

DRYS MAKE LAST STAND IN FIGHT OVER PETITION

Arguments on Writ for
Mandamus Are Set
for Today.

The last stand of the drys to force the saloon issue on next Tuesday's election ballots will be made this morning. Judge Martin M. Gridley, sitting in the Superior court, will hear arguments on the petition for a writ of mandamus that was filed by the drys last week against the board of election commissioners, after the election board had ruled that the anti-saloon petition was invalid.

The first open move of the wets in retaliation was made yesterday afternoon when Levy Mayer, representing the individuals whose names were signed to the original petition, under which the election board made the check-up of the dry petition, filed a motion asking that all of these individuals be made co-defendants with the election commissioners in the mandamus suit.

Almost as mysteriously as he disappeared, Isaac Briskin of 218 South Fourteenth avenue, Maywood, absent since last Aug. 10, has reappeared with the proof that he can make good again.

For months he has been a skipper of a pushcart in Los Angeles.

In 1914 Briskin and his wife entered the tobacco business with \$150. Their affairs prospered until now the Briskins wholesale tobacco concern at 187 West Lake street is said to be one of the most prosperous in the city.

Leaves Without Explanation.

While Briskin left home without explanation on Aug. 30, it was not until October the fact became public. At that time Mrs. Briskin and her son Jack and Charles Briskin asked the courts to appoint a conservator in the absence of the founder. It was believed Briskin's ill health, brought on by long labor, caused mental aberration.

Wife Explains Absence.

Last night Mrs. Briskin explained the absence of her husband.

"He was worried because the boys were getting to be the heads of the business," she said. "He couldn't stand to see any one else take up the work he had done so long. He was sick and worn out from long effort. So he just went away."

"For weeks he slept in alleys and did odd jobs to buy food. Finally he landed in Los Angeles. He got a push cart, just as he once had, and now when he comes home he has a brand new suit of clothes and money in his pocket. He said he could make good anywhere."

'WITH OTHER MEN'

Mr. Tipping Thus Tells How
Mrs. T. Spent Her Playtime;
Gets Deceit; Others Separated

CAME William T. F. Tipping, 3225 South Campbell avenue, to the divorce mills yesterday with his complete story of money troubles, and that he often applied his boot. She won a decree.

LILLIE McINTIRE took a couple of Robert's dollars one night. The next morning he informed her that he would give her until 10 o'clock to return the iron men—or he would use the bright, shiny ax. A divorce was granted.

JOSEPHINE YINGLING, 721 Waveland avenue, asserted that William had "other women" and she was divorced. CHARLES CROSBY, now in Rockford, said he and Alice had eloped, but that his parents were not a bit strong for Alice—she left him. A decree was granted.

BOLSHEVIKI HERE MOB U. S. SOLDIER AT WARD MEETING

Police Quell Trouble
When Crowd Cries
'Lynch Him!'

While the Bolsheviki of Russia are getting credit for aid to the German legions, the Chicago branch of the amalgamation did its best in sympathy last night when a socialist group of the brand that has been whooping it up for free speech mobbed a United States soldier in Assembly hall at North avenue and La Salle street.

The meeting was held under the auspices of the Women's Civic league of the Fifteenth ward, which invited addresses from Ald. Rodriguez and Oscar H. Olsen, Socialist and Republican candidates for alderman. The meeting was promptly "packed" by the local bolshevik.

Soldier Tries to Speak.

Olsen was hoisted when he attempted to speak, but Rodriguez received a genuine Trotsky and Lenin reception. A soldier in uniform, whose name could not be obtained, then endeavored to be heard in behalf of Olsen. Instantly there arose cries of:

"We won't fight for this country!" "Lynch him!"

Police Calm Crowd.

The "Bolsheviki" made a rush for the soldier. The women of the Civic league made an attempt to keep order, but were having their hands full, when a call to the West Chicago police was sent in. The arrival of the police calmed the Petrograd delegation.

Police Asked to Guard
Fence from 'Cap' Streeter

Police protection was asked yesterday by Sherman C. Spitzer, attorney for the Chicago Title and Trust company, to prevent "Cap" George Washington Streeter from stopping the construction of a board fence around property bounded by Superior street, Fairbank court, and the parking space held by Streeter, near the Sunday tabernacle. This land is owned by George Kleas, 2118 Hampton court.

THREAT OF DRY TOWN MADE BY CABARET MEN

Propose Closing of All the
Saloons as Revenge
on Brewers.

Cabaret owners, angry because the abolition of their business has been consented to by the wet interests in Chicago, last night proposed to take revenge upon their former associates by making an attempt to make Chicago "bone dry."

Their plan for revenge upon the brewers, saloonkeepers, and others, who they charge have thrown them to the dry wolves as a sacrifice, is to introduce in the council today, as a substitute for the anti-cabaret ordinance, due to be called up, one calling for the closing of all saloons, the prohibition of deliveries of intoxicants to homes or other places, and the making of a Sahara in Chicago.

May Be Only Threat.

Whether the plan of the cabaret owners will get beyond the threat stage is a matter of conjecture. They have not yet found an alderman to present their measure, and even if they did, it is almost certain of defeat.

It is largely a question of whether the cooler or the hotter heads among the members of the Chicago Café and Hotel Owners' association to which the cabaret owners are being added, all the members of the association, bitterly against the brewers and the saloonkeepers, but the cooler heads believe anything is better than an absolutely dry town.

The hotter heads, however, express a willingness to cut off their noses to spite their faces. Of this number is Albert R. Tearney, owner of the Auto Inn at Thirty-fifth street and Grand boulevard, an officer of the association, who explained last night what it would do if he had his way.

Tearney Attacks Brewers.

"The brewers are trying to drive us out of business so that they can sell their products direct to the homes," said Mr. Tearney. "They have promised campaign funds to a lot of aldermanic candidates to support their anti-cabaret measure. They are trying to unload this proposition on the public as a patriotic measure. We will go further than that."

At the council meeting tomorrow we will ask that every saloon in Chicago be closed for the period of the war. We will ask that the brewers be suspended for the same period. Make Chicago dry, and very dry, until the end of the war. We will go out of business.

Denies Their Patriotism.

"These brewers are no more patriotic than a lot of Germans. Take the Marigold garden, Woodlawn and Grand boulevard, who have the Liquor Dealers' association only 225 members? They were driven in line by the brewers."

Mr. Tearney said the proprietors of the Auto Inn, his café, Winter garden, Terrace garden, Edgewood garden, Marigold garden, Woodlawn and Grand boulevard were among those backing the "bone dry" move. This was denied by several of them.

"Let 'em rave," was the only comment J. C. Cernak, secretary of the United Societies, would make on the proposal of the cabaret men.

"Too ridiculous to talk about," said Ald. John Toman, chairman of the Business committee.

Mr. Cernak said he would call on Mayor Thompson this morning to set the machinery in motion to amend the special bar permit ordinance.

Wets Behind Measure.

The wets are behind the anti-cabaret measure, which was prepared by Alfred S. Austrian for the Chicago Brewers' association. It has the recommendation of the council license committee.

Mr. Cernak declared that Samuel Insull, chairman of the State Council of Defense, had told him that unless saloon conditions improved yesterday evening, he would have the navy send a request had come direct from Secretary of the Navy Daniels that saloon conditions in Chicago be "cleaned up."

"The request said that unless this was done," said Ald. Toman, "the government might close all saloons in the five mile zone. This would mean most of the saloons in Chicago."

SWEDES TO HOLD FIVE DAY BAZAAR FOR THEIR POOR

A five days' bazaar—the benefit of Swedish poor will be held at North Side Turner hall, beginning tomorrow evening. It will be under the auspices of the Swedish National Society of Chicago, embracing 150 Swedish lodges and societies.

IT'S AN OLD, OLD GAME, BUT IT WAS NEW TO JOE

One day last January a customer of Joe Horward, who has a saloon at 4001 West Grand avenue, heard Joe bewailing the machine in the hotel. La Salle last night as the first step in the campaign to win young people among the converts of Billy Sunday. Miss Alice Miriam Gamlin of the evangelist's party spoke on "The Soul Winning Opportunity of the Sunday School." She exhorted the workers to have conviction, confidence, courage, and consecration in order to make conquest.

An intensive campaign among the Sunday schools of the city will be made beginning on the south side next Sunday. Two weeks will be devoted to each section of Chicago.

\$67,825 Taken In.

The official count of the number of trail hitters Sunday night was 224, bringing the total trail hitters to date, 3,492. The collections taken in subscriptions were \$4,169 in cash, \$2,104 in subscriptions. Total cash and subscriptions to date \$67,825.

Homer Rodheaver, Billy's song leader, gave a few hints on preaching yesterday to the Presbyterian ministers at their regular meeting in the Stevens building.

BOY WHO STOLE VIOLIN IS FREED BY HIS PLAYING

David Polachos played a violin for Judge Arnold in the juvenile court yesterday and the judge promised to help him obtain a musical education. David, a trail boy in knee breeches, admitted he had never blown a kite, never played baseball, and had only tried to skate once. He had spent all his time practicing on the violin, which he loved, he said.

Judge Arnold appointed Miss Luba Robin, juvenile court officer, his guardian, and asked her to see that David got more recreation.

David was taken into custody after a violin valued at \$1,000, found in 1776 in Italy by Tommaso Alberti and owned by Miss June Chaplin of 8 East Goethe street, had been found in his home.

War Savings Stamp Sales Are \$197,574 in Week

The lesson taught by the big German drive, coupled with the fact that this week is the last one in which the \$5 war savings stamps can be bought for \$4.14, is being used by the mail carriers of Chicago in an intensive drive to make this a million dollar week if possible in the sales of thrift and war savings stamps. Yesterday the mail of nearly 250 applications for membership in the Maximum War Savings club. Each applicant sent a pledge to purchase stamps to the amount of \$1,000 maturity value. Sales for the week ending Saturday were \$197,574.32, an increase of \$5,000 over the previous week.

Drivers Whose Vehicles Killed Boys Are Freed

Frank Kern, 7634 South Chicago avenue, a chauffeur for the Everett Coal company, was exonerated by a coroner's jury yesterday in connection with the death of Fred Kelley, 6 years old, 7842 Dante avenue, Saturday night. Kern was driving past 1448 East Seventy-seventh street when the boy ran into the street and was run over, dying later at the Lakeside hospital.

Charles Locke, 6155 South Ashland avenue, whose express wagon fatally hurt James Barrow, 3 years old, 6294 Justine street, Saturday, was also exonerated by a coroner's jury.

Praise of Hun Dash Pits Dash Into Conversation

George Briggs was discussing the weather and other topics with two friends yesterday at Jefferson and Madison streets when there heaved in sight Andrew Salanki, who spoke thus:

"I wish the Germans would drive the allies into the sea."

Mr. Briggs is responsible for the dash.

"I soaked him," he explained to the police of the Desplaines street station. Briggs lives at the Lafayette hotel, Desplaines and Madison streets. Salanki is held on a charge of disorderly conduct.

The Chicago Advertising Score

In the week ending March 24th,	
1918 Chicago newspapers published the following number of columns of advertising:	
The Tribune.....	1,621,111 columns
The Examiner.....	201,544 columns
The Herald.....	263,648 columns
Total, 3 morning and Sunday papers.....	
1,927,603 columns	
The Daily News.....	
558,611 columns	
The Journal.....	226,732 columns
The Post.....	196,111 columns
Total, 4 evening papers.....	
1,577,137 columns	
Advertisements printed in other papers set at the following:	
The Tribune.....	91,300 columns
The Tribune led for the week, printing more advertising than the other morning papers combined, 35% more than the first evening paper, and more than the second, third and fourth evening papers combined.	

WAR NEWS KEEPS GRAIN TRADE IN NERVOUS STATE

Trend of Prices Is Downward; Course of Markets Irregular.

Conflicting rumors regarding the progress of the great battle on the western front kept the grain markets in a high state of nervousness yesterday. Oats naturally were the most affected, as the interest in corn futures is limited. Sentiment was bearish and prices averaged lower, but fluctuations were rapid, with March oats displaying much strength at times. Latter closed 1/2 cent lower to 1/4 cent lower, while May at the finish was 1/4 cent lower. Continued absence of export demand, talk of increasing receipts, and some pressure from the northwest were against an advance, while the day's news of the conflict in Europe, as received by the trade, was favorable.

With conditions continued to be all that could be desired, for rapid selling of the new crop and a big acreage is assured. Cash oats were steady to 1/2 cent lower, with local shipping sales 50c to 60c. Receipts were 154 cars. Primary markets had 2,251,000 bu. oats against 1,109,000 bu. a year ago. North America shipped 2,095,000 bu. oats last week. Local stocks decreased 186,000 bu. for the week.

Wheat Market for Corn.
Corn futures closed 1/4 cent lower. Trade was light and the market was affected by the heavier news in oats and weaker cash situation. The selling was scattered, while commission houses had resting orders to buy corn around certain levels. Cash corn was 59 1/2c lower for the general run, with some poor kinds showing even greater loss. Arrivals were 284 cars and demand restricted. Primary receipts totaled 2,300,000 bu. against 960,000 bu. a year ago.

Some sections may that less corn will be planted this year, farmers seeding out because they require less attention than corn. North America shipped 1,619,000 bu. corn last week. Local stocks of corn increased 563,000 bu. for the week.

Provisions Close Irregular.
The market started out weak in sympathy with a big run of hogs and lower prices at the yards, but got some support later and partially recovered early decline. General interest in the market was small. Lard was most active. Western markets received 174,850 hogs, against 123,250 a year ago. Exports of lard last week were 11,998,000 lbs., compared with 5,778,000 lbs. a year ago, while bacon exports were 22,212,000 lbs. against 3,779,000 lbs. last year.

Rye Prices in Advance.
Rye was 1/2 cent higher with cash No. 2 selling at \$2.17. Receipts 45 cars. Barley ruled 10c lower. Malt and malting grades were quoted \$1.05 to \$1.06 and sold at \$1.07 to \$1.08, feed and screenings quoted \$1.05 to \$1.07, with latter selling at \$1.10. Receipts were 40 cars.

Timothy seed was weak. March closed \$3.40 asked and cash lots sold at \$3.40 to \$3.45. Cloverseed ruled firm. Cash lots were quoted \$3.00 to \$3.10 and spot prices \$3.10 to \$3.15.

Flax closed 1/4 cent lower, with cash quoted \$4.05 to \$4.06.

GOSSIP OF THE PIT

MANY rumors come from the east to the effect that the food administration is considering a change in its plan for handling wheat next season, this change to be contingent upon a big crop. Just what the change will be is not clear, but it is not being disclosed.

"A new plan for handling wheat is being developed," says C. A. King & Co., "Millers want changes and city grain dealers are entitled to greater consideration. Big terminal elevators will all be needed if present crop prospects are realized. Farmers must be accommodated when they can sell. Large stocks of wheat are being accumulated by the millers. Some millers think a maximum on flour and feed would be sufficient price fixing. Why not let markets take their natural course? The Northwestern Miller suggests that the grain trade handle the wheat crop under certain restrictions."

"Tonnage is waiting at the seaboard not to take out to Europe, but the grain is not available and in many instances shipments have been delayed with other material," said A. C. Field of New York, who has been yesterday. "Exporters have had to turn down offered vessels because they did not have oats to fill it, the railroads being unable to let it forward as they should. Corn is being shipped in the line steamers, as its condition is such that it must reach the other side as rapidly as possible in order to be fit for human food."

"Most of the oats are going in full cargoes, although considerable quantities are being used to fill out loads, they are being particularly desirable for this account of their lightness, as so much heavy stuff is now being exported. In fact, the heavy cargo and oats are being poured on top of this. Domestic demand is strong."

Wheat supply of wheat in the United States this week decreased 1,239,000 bu., while corn increased 5,329,000 bu., oats decreased 4,800 bu., rye decreased 25,000 bu., and barley increased 709,000 bu. Comparative totals follow:

Wheat	1917	1918	1919
Wheat	4,521,000	1,750,000	50,465,000
Barley	1,404,000	12,760,000	12,346,000
Oats	17,009,000	17,100,000	31,379,000
Rye	1,047,000	1,285,000	1,542,000
Barley	1,974,000	4,345,000	4,923,000

The Belt railway will now accept all cars for the Michigan Central and New York, Chicago and St. Louis roads and covered by existing embargoes on the lines. The Belt road will take all cars for connecting lines, except cars for the Chicago and St. Louis roads. The Chicago and St. Louis roads are being particularly desirable for this account of their lightness, as so much heavy stuff is now being exported. In fact, the heavy cargo and oats are being poured on top of this. Domestic demand is strong."

TALK OF THE STREET

tructive. It may have been also that the issue at stake was one to inspire some degree of patriotic consideration in the minds of those who seldom give such sentiment a thought in their trading operations.

The closing quotations were near the top and generally better than on Saturday. The buying was not large in volume, but as the day wore on and more orders were received, prices continued to harden and sentiment grew correspondingly cheerful.

↓

In Liberty bonds there was an active market for the 4 percent issue. The bid opened at 96.80 against a close at 96.70 on Saturday. On heavy volume of trading the price advanced to 97.04. The two percent issue was also active and was sparingly dealt in and the closing quotation at 92.30 compared with a previous close at 92.02.

↓

Steel and Iron. Steel company and Bethlehem Steel opened about 3 points off and each began to recover after the first transactions. The advance was orderly one appearing to indicate the lack of any considerable short interest.

↓

Standard Oil had an irregular day with

companies. This complication, however, shows that American Oil is on its common stock in 1917.

↓

Baldwin Locomotive earned its common stock got nothing; C. C. common common earned 11; United Fruit common earned 10; Union Pacific common earned 50; Worthington Pumps earned nearly 35. This is a foundation for future activity.

↓

A number of these companies were in the market in 1916. There has been a great deal of buying of stocks in anticipation of a dividend.

↓

The steel corporation's pamphlet for 1917 is now expected to appear. It is expected that the steel industry is already virtually bankrupt; reports. The attempt financial community will be on the part of the steel industry to have been predicting a high tide showing.

TEUTON DRIVE CALLED BOOST FOR NEW LIBERTY

James B. Forgan, chairman of the board of directors of the First National bank, returned to his desk yesterday after an illness of ten weeks, ready to begin work in the third Liberty loan campaign.

"The country is ready to do its part in this campaign, and I believe that \$5,000,000,000 of bonds can be sold without resorting to any unusual tactics in placing them," he said. "I believe, however, that the rate should be 4 1/2 percent." Mr. Forgan was speaking before the terms of the loan had been announced.

"Regardless of the terms of it will be a success. The people have a mind to appreciate meaning of this campaign. I am realizing it before. A spirit is developing which will prevent a mass of the people to enlist as well as to invest them."

E. K. Bolcot, president of the bank, returned yesterday from his vacation to take up his duties as chairman of the loan committee of the seventh district.

"This German drive should have been a success. The loan books are open," he said. "The people think that there is no work to be done. I mean that the country will be ready to take up the loan to the nation's needs as it has in the past. Let Mr. McAdams be the one to make the loan. We will be for him."
